Results of the
Annual Town Meeting
March 11, 2009

**STATE OF NEW HAMPSHIRE
TOWN OF JAFFREY
ANNUAL TOWN MEETING WARRANT
2009**

Elections – March 10, 2009 (8:00 a.m. to 7:00 p.m.)

Business Meeting – March 14, 2009 (9:00 a.m.)

TO: The inhabitants of the Town of Jaffrey, in the County of Cheshire, in the State of New Hampshire, qualified to vote in Town affairs:

You are hereby notified to meet at the Veterans of Foreign War, Post 5613 in said Jaffrey on Tuesday, the 10th of March, 2009 at eight o'clock in the forenoon (polls close at 7:00 p.m.) to vote for the town officers and to act on other questions as required by law to be decided by official ballot. Pursuant to RSA 39:2a and the vote of the Town at the adjourned session of Town Meeting on March 13, 1979 and the Town Meeting on March 13, 1993, the business portion of the meeting will be recessed until nine o'clock in the forenoon, Saturday, March 14th, 2009, at the Ernest J. Pratt Auditorium in Jaffrey, at which time the Town will act on all subjects described in the following Warrant Articles except those requiring action by official ballot:

Art. 1. To choose the following Town Officers: (by Official Ballot)

Selectman - one person for three-year term – **Kathleen Batchelder**
Trustee of Trust Funds - one person for three-year term – **Gary Arceci**
Library Trustee - two persons for three-year terms – **Mary Jo Marvin**
– **Kevin Sterling**

Art. 2. To see if the Town will vote to adopt the following amendments to the Jaffrey Zoning Ordinance, as proposed by the Jaffrey Planning Board, to be voted on by official ballot:

1. Are you in favor of amending the Zoning Ordinance, Section XIV Signs, to clarify certain definitions, permitting requirements and enforcement procedures. The full text of the proposed changes is available at the Town Clerk's office and at the polling place.

Yes – 315 No - 113

2. Are you in favor of amending the Zoning ordinance, Section V, 5.2 Areas and Setback for Buildings – All Districts, to read as follows:

5.2 No lot on which a building is located in any district shall be reduced or changed in size or shape so that the building or lot fails to comply with the lot area, frontage, setback, yard or height provisions of this ordinance that are applicable to the construction or placement of the building on the lot unless a variance is obtained from the Zoning Board of Adjustment. This provision shall not apply, however, when a portion of a lot is taken for public purposes.

Yes – 310 No – 128

The meeting was called to order at 9:00 a.m. The attendants were asked to stand as Tristen Kakzo, a Boy Scout from Troop 33 presented the colors and Retired Col. Robert Chamberlain led the assembly in the Pledge of Allegiance. After which Mr. Tieger, (the moderator), asked everyone to remain standing as he read the following:

“Once again we come together as is our tradition to help guide and decide the business of the Town for the coming year. We are citizens with different philosophies and opinions and yet we are united in our common purpose – the continuing commitment to the well being of this wonderful town which we are fortunate to call home.

We come with heavy hearts and confused minds, as we observe events in our own nation and abroad. For some of us this anxiety is intensified as our sons and daughters, husbands and wives, and our dear friends are still serving their country abroad. Please know that our thoughts and prayers are with them and with you, in these most difficult times. We also respect and understand the rights of those with differing opinions and we sympathize with them in their anguish. Above all we are reminded again of how fortunate we are to live in the United States of America where the rights of all are respected.

As we reflect on the losses our community has endured during the past year we re-affirm in silence our gratitude to those of our community who are no longer with us. Let us pledge to honor their memories by continuing their tasks and upholding the values in which they believed.

So let us listen and question, let us speak and debate with civility and with respect, let us learn from others even as we put forth our own views, and when the meeting is over, let us leave here with the knowledge that the tradition of our Jaffrey Town Meeting, and our participation in it, remains stronger than ever. Please join me in a few moments of silent mediation and reflection.”

Mr. Tieger then welcomed everyone to the meeting. Mr. Tieger introduced the front tables where the Selectmen, Town Manager, Department heads, Town Clerk and Budget Committee Chairman sat.

Mr. Tieger made note that Phil Cournoyer would be acting as Assistant Moderator for this meeting. That he would be moderating a few of the articles and that he would also be over seeing the Ballot boxes for secret ballot articles.

Mr. Tieger then recognized Chairman of the Board of Selectmen, Clay Hollister. Clay Hollister then offered the following resolutions:

“Whereas, James Dumont served the Town of Jaffrey with honor and distinction as a member of TEAM Jaffrey;

Now, therefore, be it resolved and proclaimed in Town Meeting convened March 14, 2009, that the Town of Jaffrey wishes to express our thanks and sincere gratitude and that this expression of our thanks be made a part of the official record of this meeting.”

Now, therefore, be it resolved and proclaimed in Town Meeting convened March 14, 2009, that the Town of Jaffrey wishes to express our thanks and sincere gratitude and that this expression of our thanks be made a part of the official record of this meeting.”

The resolutions were accepted by acclamation.

Selectman Frank Sterling was recognized. He offered the following resolution:

“Whereas, Clay served the Town of Jaffrey with honor and distinction as a member of the Board of Selectmen;

Now, therefore, be it resolved and proclaimed in Town Meeting convened March 14, 2009, that the Town of Jaffrey wishes to express our thanks and sincere gratitude and that this expression of our thanks be made a part of the official record of this meeting.”

The resolution was accepted by a standing ovation.

Selectman Clay Hollister was recognized. He stated that this year the Selectmen were presenting something new this year called the “Selectmen’s Service Award” for outstanding service to the Town of Jaffrey during the Ice Storm of December 2009. The Board acknowledged the following: Jaffrey Fire Department, Jaffrey Police Department, Department of Public Works, Recreation Department and the Jaffrey-Rindge Ambulance.

Mr. Tieger went over the basic ground rules and guidelines for how our town meeting is conducted. He recognized the following non-residents to be permitted to speak: Town attorney David Tower, Town Manager and any department heads who may be asked to

speakers who do not live in the Town of Jaffrey.

Mr. Tieger introduced the Mic handlers as: Sam Rathburn, Vanessa Lemire and Courtney Emond.

Mr. Tieger thanked the Fire Department for their “Fast Food” division for working the food concession.

Mr. Tieger proposed to waive reading of the Warrant in its entirety. It was so moved and seconded.

Mr. Tieger read the results of Tuesday’s voting.

Articles 3-5 have been revised since the posting of the warrant and were presented as written in these minutes.

Selectman Clay Hollister stated that the next 3 articles are tied to the federal stimulus package that has come to NH. Because the stimulus program and process is constantly evolving and Board has been adapting, as fast as possible, the town’s approach to getting the money. So, the Board would like to divide Article #3 into two parts and vote on each separately. Part A will be the Water Main replacement and Part B will be the water main extension. They are different enough to warrant separate votes. The process is called “Divide the Question”.

Selectman Hollister motioned “To divide Article 3 in two parts, Part A: The Water Main Replacement Construction and Part B: The Water Main Extension.” The motion was seconded.

Art. 3a. To see if the Town will vote to raise and appropriate the sum of One Million Two Hundred Thousand Dollars (\$1,200,000) for

- Water Main Replacement construction (Bullet Tank/Cathedral Road/Prescott Road - \$1.2 million)

and to authorize the issuance of not more than One Million Two Hundred Thousand Dollars (\$1,200,000) of bonds and notes in accordance with the provisions of the Municipal Finance Act (RSA 33, et. seq.), as amended, and to authorize the Board of Selectmen to issue, negotiate, sell and deliver such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms thereof, and to take any other action the Board deems appropriate to effectuate the sale and/or issuance of said bonds and

to authorize the Selectmen to apply for, obtain and accept federal, state or other aid which may be available for said project and to comply with all laws applicable to this project. Recommended by the Selectmen and the Budget Committee. 2/3 Ballot Vote Required.

Selectman Clay Hollister moved and addressed the article.

At Selectman Hollister's request I am recording a basic synopsis of his presentation on articles 3, 4, and 5: a few words about this stimulus package, before going into details of the articles. Federal money will be awarded to local projects and the Town has already made pre-applications for these projects to the State by their deadline of Feb. 27th. The State will be making decisions in April. Projects will be ranked based on their readiness to proceed which includes having the approval for financing. These articles are requesting authority to borrow the total cost each project, because that is what the regulations require, even though we would not use the total amount requested.

As of now, Towns that do not seek authority to proceed at their regular Town Meetings will have to have Special Town Meetings if their pre-application is accepted and they wish to proceed.

The process is very competitive.

The amount we can get could be 50% to 75% and the Town would be responsible for the difference but there may be other state and federal programs with stimulus money to cover some of that.

We are not committing to take on the project(s). If our project(s) are approved by the state but the economic conditions in Jaffrey are not good, and we cannot afford the cost share, then we do not take the money; we do not do the project. Law requires your Board to hold hearings in order to accept grant money. The BOS will consult with the Budget Committee. If there is little public support, and our Budget Committee does not see it as good idea, financially; your administration will turn it down.

We have nothing to lose by approving these projects and a lot to gain for our town.

Selectman Hollister then addressed part "a" of the article by saying that the town has set aside money in the Town Water Fund for this project and that this money they are asking for today would enable the town to complete the whole project.

After a fair amount of questions and comments the article was put to a secret ballot vote.

The moderator directed everyone to use the “a” yes or no ballot; he declared the polls to be open for the required 1 hour, which started at 9:50. The results were as follows:

Yes – 150 No – 11

The article passed by 2/3 required.

Art. 3b. To see if the Town will vote to raise and appropriate the sum of One Million Six Hundred Sixty-two Thousand (\$1,662,000) for

- Water Main extension (extension to the Stone Bridge
TIFD - \$1.662 million)

And to authorize the issuance of not more than One Million Six Hundred Sixty-two Thousand Dollars (\$1,662,000) of bonds and notes in accordance with the provisions of the Municipal Finance Act (RSA 44, et.seq.), as amended, and to authorize the Board of Selectmen to issue, negotiate, sell and deliver such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms thereof, and to take any other action the Board deems appropriate to effectuate the sale and /or issuance of said bonds and to authorize the Selectmen to apply for, obtain and accept federal, state or other aid which may be available for said project and to comply with all laws applicable to this project. Recommended by the Selectmen and the Budget Committee. 2/3 Ballot Vote Required.

Selectman Clay Hollister moved and addressed. He stated that if this project is not awarded Stimulus money, the Town will do the design and engineering of water main extension. This has to be done in any case and will cost approximately \$30,000.00. This money is in the TIDF budget. The Board will then bring the proposal with the cost estimates be considered at the next Town Meeting.

After some questions and comments the question was put to a secret ballot vote.

The moderator directed everyone to use the “b” yes or no ballot. He declared the polls open for the required one hour, which started at 10:30. The results were as follows:

Yes – 128 No – 35

The article passed by the 2/3 required.

Art. 4. To see if the Town will vote to raise and appropriate the sum of Three Million Four Hundred Thousand Dollars (\$3,400,000) for construction of a Wastewater Filtration Process, Pellet Boiler and Sewer System improvements (Inflow Infiltration Removal and Pump Station Rehabilitation) and to authorize the issuance of not more than Three Million Four Hundred Thousand Dollars (\$3,400,000) of bonds and notes in accordance with the provisions of the Municipal Finance Act (RSA 33 et. seq.), as amended, and authorize the Board of Selectmen to issue, negotiate, sell and deliver such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms thereof, and to take any other action the Board deems appropriate to effectuate the sale and/or issuance of said bonds and to authorize the Selectmen to apply for, obtain and accept federal, state or other aid which may be available for said project and to comply with all laws applicable to this project; further without impairing the status of this bond as a general obligation bond of the Town, it is the intention of the Selectmen that the debt service on this bond will be paid 2/3 by Sewer User fees and 1/3 general tax revenue. Recommended by the Selectmen and Budget Committee. 2/3 Ballot Vote Required.

Selectman Frank Sterling moved and addressed the article.

After some lively comments and questions the article was moved to a vote, in which the Moderator instructed everyone that this also was a secret ballot question, the ballot to use was the “c” yes or no ballot. The polls were open for the required one hour, at 11:05 and the results were as follows:

Yes – 102 No – 56

The article did not pass.

As originally proposed, Article 5 was not supported by the by the Budget Committee. The Board of Selectmen held a public hearing as required by RSA 33:8-a and the Budget Committee recommended changes to the Article. As a result of the Public Hearing the Board of Selectmen voted to change Article 5 to reflect the recommendations of the Budget Committee and the following shall be substituted for the original Article 5.

Art. 5. To see if the Town will vote to raise and appropriate the sum of One Million Two Hundred Thousand Dollars (\$1,200,000) for environmental assessment and commencement of preliminary design for road construction (Route 202 Bypass) and to authorize the issuance of not more than One Million Two Hundred Thousand Dollars (\$1,200,000) of bond and notes in accordance with the provisions of the Municipal Finance Act (RSA 33 et. seq.), as amended, and authorize the Selectmen to issue, negotiate sell and deliver such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms thereof, and to take any other action the Board deems appropriate to effectuate the sale and/or issuance of said bonds and to authorize the Selectmen to apply for, obtain and accept federal, state or other aid which may be available for said project. This project is contingent upon the receipt of grant funding of not less than 50% of the total cost of the project.. Recommended by the Selectmen and Budget Committee. 2/3 Ballot Vote Required.

Selectman Don MacIsaac moved and addressed the article.

After fair amount of interesting comments and questions the article was moved to a secret ballot vote. The moderator instructed everyone to use the “d” yes or no ballot. The polls were open for the required one hour, at 11:40 and the results were as follows:

Yes – 80 No – 73
The article did not pass.

Art. 6. To see if the Town will vote to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000) for the purpose of acquiring a parcel of land (Map 239, Lot 139) consisting of approximately ½ acre, to improve Humiston Field, and to authorize the issuance of One Hundred Thousand Dollars (\$100,000) of bonds and notes in accordance with the provisions of the Municipal Finance Act (RSA 33 et. Seq.) as amended, and to authorize the Board of Selectmen to issue, negotiate, sell and deliver such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms thereof, and to take any other action the Board deems appropriate to effectuate the sale and/or issuance of said bonds. Recommended by the Selectmen and Budget Committee. 2/3 Ballot Vote Required.

Selectman Frank Sterling moved and addressed the article.

The Recreation Department Director Walter Pryor also addressed and answered questions concerning this article.

**STATE OF NEW HAMPSHIRE
TOWN OF JAFFREY
NOTICE OF PUBLIC HEARING
AND
SPECIAL TOWN MEETING WARRANT
Saturday, November 14, 2009 (9:00 am)
Pratt Auditorium**

TO: The inhabitants of the Town of Jaffrey, in the County of Cheshire, in the State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at the Pratt Auditorium in said Jaffrey on November 14, 2009 at 9:00 am for the sole purpose to consider and vote upon the warrant article below.

Article 1.

To see if the Town will vote to raise and appropriate the sum of Two Million Eight Hundred Seventy-One Thousand Dollars (\$2,871,000) for construction of a Wastewater Filtration Process and Pellet Boiler and to authorize the issuance of not more than Two Million Eight Hundred Seventy-One Thousand Dollars (\$2,871,000) of bonds and notes in accordance with the provisions of the Municipal Finance Act (RSA 33 et. seq.), as amended, and authorize the Board of Selectmen to issue, negotiate, sell and deliver such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms thereof, and to take any other action the Board deems appropriate to effectuate the sale and/or issuance of said bonds and to authorize the Selectmen to apply for, obtain and accept federal, state or other aid which may be available for said project and to comply with all laws applicable to this project; further without impairing the status of this bond as a general obligation bond of the Town, it is the intention of the Selectmen that the 50% of debt service on this bond shall be funded through the American Recovery and Reinvestment Act (ARRA) and the Town's portion will be paid 2/3 by Sewer User fees and 1/3 general tax revenue. Recommended by the Selectmen and Budget Committee. 2/3 Ballot Vote Required.

The meeting was called to order shortly after 9am. The attendants were asked to stand for the Pledge of Allegiance, which was led by Richard Grodin. After which Mr. Tieger (the moderator) asked everyone to remain standing for a moment of quiet meditation.

Mr. Tieger went over the basic ground rules and guidelines for how the meeting is conducted. Mr. Tieger asked everyone to be civil, courteous and concise.

Mr. Tieger introduced the front tables where the Selectmen, Town Manager, Department Heads, Town Clerk and Budget Committee Chairman sat.

Special Town Meeting Minutes

Mr. Tieger made note that Phil Cournoyer was the assistant moderator and would over see the ballot box.

Mr. Tieger recognized the following non-residents to be allowed to speak: Town attorney David Tower, Town Manager Michael Hartman, Town Engineer Randall Heglin, Steven Walker from New England Wood Pellets and Peter Atherton from Wright Pierce.

Mr. Tieger then read the above warrant article in its entirety. The motion to accept the article was moved by Franklin Sterling and seconded by Donald Mac Issac. Board of Selectmen Chairman Franklin Sterling then addressed the article.

Peter Atherton from Wright-Pierce was then recognized to speak. His presentation was contained in the handout which contained: an overview, history, current regulatory picture, proposed project, pellet boiler financial analysis, proposed costs and funding, project financing and financial impacts.

Mr. Tieger then recognized Richard Lambert who moved to amend the article to change the article after the (ARRA) to read **“and the Town’s portion funded through a combination of a minimum of \$435,500.00 from undesignated sewer reserves, with the balance of the Town’s portion paid 2/3 by Sewer User fees and 1/3 general tax revenue.”** The motion was seconded by Raymond Record. Mr. Lambert addressed the amended and proposed that this will lower the cost of borrowing by 30%.

The floor was then open for discussion on the amended article. And after some questions and lively debate the amendment to the article was voted upon, and it was requested that a standing vote be taken. The results were as follows:

Yes – 111 No – 3
The amendment passed.

Mr. Tieger then read the following second amendment that was presented to him before the meeting by Katie Forry:

“To see if the Town will vote to authorize the Board of Selectmen to impose an annual Environmental Protection Fee of \$10.00 per acre on every full acre of land in Jaffrey that is taxed on the basis of Current Use Valuation.

This Environmental Protection Fee shall be paid once every calendar year by land owners who have requested that the assessment of their land value for property taxation be on the basis of current use, effective 7/1/2010.

This annual Environmental Protection Fee revenue shall be counted as general tax revenue and used to pay toward the debt service of the general obligation bond for construction of a Wastewater Filtration Process and Pellet Boiler, as identified in Article 1 on the SPECIAL TOWN MEETING WARRANT, Saturday,

November 14, 2009 (9:00 am) Pratt Auditorium”

Mr. Tieger ruled that the above was “out of order”.

Discussion on the article as amended was open for questions, debate and comments. After a short period the article was moved to vote.

Mr. Tieger read the following amended article:

“To see if the Town will vote to raise and appropriate the sum of Two Million Eight Hundred Seventy-One Thousand Dollars (\$2,871,000) for construction of a Wastewater Filtration Process and Pellet Boiler and to authorize the issuance of not more than Two Million Eight Hundred Seventy-One Thousand Dollars (\$2,871,000) of bonds and notes in accordance with the provisions of the Municipal Finance Act (RSA 33 et. seq.) ,as amended, and authorize the Board of Selectmen to issue, negotiate, sell and deliver such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms thereof, and to take any other action the Board deems appropriate to effectuate the sell and/or issuance of said bonds and to authorize the Selectmen to apply for, obtain and accept federal, state or other aid which may be available for said project and to comply with all laws applicable to this project; further without impairing the status of this bond as a general obligation bond of the Town, it is the direction of the Town Meeting that the 50% of debt service on this bond shall be funded through the American Recovery and Reinvestment Act (ARRA) and the Town’s portion funded through a combination of a minimum of \$435,500.00 from undesignated sewer reserves, with the balance of the Town’s portion paid by 2/3 by Sewer User fees and 1/3 general tax revenue.”

Mr. Tieger instructed the voters to use the “A” ballot and the polls were declared open at 10:37. After the polls had been open for the required one hour they closed and the results were as follows:

Yes – 113 No – 27
The article passed by more than the 2/3 required.
(80.7%)

Mr. Tieger asked the assembly if they wished to consider a motion to adjourn the meeting, the motion was met with no opposition. The meeting was adjourned at approximately 11:50am.

Respectfully submitted:

Library Trustee - two persons for three-year terms

Moderator – one person for two-year term

Supervisor of the Checklist – one person for six year term

Art. 2. To see if the Town will vote to adopt the following amendments to the Jaffrey Zoning Ordinance, as proposed by the Jaffrey Planning Board, to be voted on by official ballot:

Are you in favor of amending the Zoning Ordinance, Section XIV Signs, to eliminate inconsistencies, improve provisions for filing applications, and to clarify the authority of the Selectmen to approve signs, which meet the requirements of the ordinance and applicable Life Safety and Building codes? The full text of the proposed changes is available at the Town Clerk's office and at the polling place.

LAYMAN'S LANGUAGE: After several years of experience, it has become necessary to revisit the Sign Ordinance to improve and clarify the contents and procedures. Most provisions remain unchanged.

Are you in favor of amending the Zoning Ordinance, by adding a new provision to Section IX entitled "Small Wind Energy Systems", as proposed by the Planning Board?

LAYMAN'S LANGUAGE: Small Wind Energy Systems (SWES) are a new and developing means for generating electric power. The NH legislature enacted new laws (RSA 674:62 – 66) governing such systems and stating the authority of municipalities to regulate them. The new Section IX of the Zoning Ordinance contains provisions for such systems including maximum height, setbacks, conditional use permits and excluding SWES from both the Mountain and Historic Districts.

Art. 3 To see if the Town will vote to raise and appropriate the sum of Two Hundred Sixty-two Thousand Five Hundred Dollars (\$262,500) for the construction of new pump stations to replace the existing River Street and Nelson Circle pump stations and to authorize the issuance of not more than Two Hundred Sixty-two Thousand Five Hundred Dollars (\$262,500) of bonds and notes in accordance with the provisions of the Municipal Finance Act (RSA 33 et. seq.) as amended, and authorize the Board of Selectmen to issue, negotiate, sell and deliver such bonds or notes, and to determine the rate of interest thereon and the maturity and other terms thereof, and to take any other action the Board deems appropriate to effectuate the sale and/or issuance of said bonds and to authorize the Selectmen to apply for, obtain and accept federal, state or other aid which may be available for said project and to comply with all laws applicable to this project: further without impairing the status of this bond as a general obligation bond of the Town, it is the intention of the Selectmen that 50% of debt service on this bond shall be funded through the American Recovery and Reinvestment Act (ARRA) and the Town's portion will be paid from undesignated sewer reserves.

2/3 ballot vote required. Recommended by Selectmen and Budget Committee.

LAYMAN'S LANGUAGE: This article will allow the Town to participate in the federal American Recovery and Reinvestment Act (ARRA). Reconstruction of the 40 year old River Street pump and the Nelson Circle pump station, utilizing undesignated sewer reserves has been planned for some time. The Town has filed a formal application to participate in either the SRF or ARRA programs for this project. This article will allow the Town to receive state or federal funds (50% under ARRA or 30% under SRF) towards completion of the project.

Art. 4. That all reports submitted by Town Officers be accepted as read and as printed in the Town Report.

LAYMAN'S LANGUAGE: The purpose of this article is to accept all reports as printed in the Town Report.

Art. 5. To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Town and the Public Works Union, AFSCME Local 2973 that calls for the following increase in salaries and benefits, this amount is included in Article 9. Recommended by the Selectmen and the Budget Committee.

Year	Estimated Increase in Cost Items
2010	\$22,446

LAYMAN'S LANGUAGE: This article allows for the continuation of the contract as agreed to by the Town and the Public Works union and the payment of the cost items included therein.

Art. 6. Shall the Town, if Article 5 is defeated, authorize the governing body to call one special meeting, at its option, to address Article 5 cost items only?

LAYMAN'S LANGUAGE: This article is a requirement to allow the Town to delegate the authority to the Selectmen to call one Special Town Meeting to reconsider Article 5 should it fail. If article 5 passes, this article is passed over.

Art. 7. To see if the Town will vote to approve the cost items included in the collective bargaining agreement reached between the Town and the Police Union, AFSCME Local 3657, that calls for the following increase in salaries and benefits, this amount is included in Article 9. Recommended by the Selectmen and the Budget Committee.

Year	Estimated Increase in Cost Items
2010	\$20,584

LAYMAN'S LANGUAGE: This article allows for the continuation of the contract as agreed to by the Town and the Police union and the payment of the cost items included therein

Art. 8. Shall the Town, if Article 7 is defeated, authorize the governing body to call one special meeting, at its option, to address Article 7 cost items only?

LAYMAN'S LANGUAGE: This article is a requirement to allow the Town to delegate the authority to the Selectmen to call one Special Town Meeting to reconsider Article 7 should it fail. If article 7 passes, this article is passed over.

Art. 9. To see if the Town will vote to raise and appropriate the sum of \$7,891,737 for general municipal operations. Recommended by the Selectmen and Budget Committee.

LAYMAN'S LANGUAGE: This is the article which provides the funds necessary to operate the Town on an annual basis. This includes all salaries, maintenance, supplies and programs which are funded and operated by the Town.

Art. 10. To see if the Town will vote to increase the present veteran's property tax credit from \$200 to \$300. This change will take effect April 1, 2010.

LAYMAN'S LANGUAGE: This article will increase the veteran's property tax credit from the existing credit of \$200 to \$300.

Art. 11. To see if the Town will vote to raise and appropriate the sum of \$3,000 to be deposited into the Cemetery Trees Trust Fund established in 2007. Recommended by the Selectmen and Budget Committee.

LAYMAN'S LANGUAGE: The Cemetery Trees Trust Fund was established in 2007 to set aside funds for the removal of trees in the Town's cemeteries. Several large trees have been identified for removal and given the size and locations the removal will be very expensive and the fund has been established for these eventual expenditures. A separate fund with the same purpose has been established for private donations. The current balance of private funds is \$519.43 and public fund total \$6322.38

Art. 12. To see if the Town will vote to raise and appropriate the sum of \$2,500 to be deposited into the Gravestone Restoration Trust Fund established in 2000. Recommended by the Selectmen and the Budget Committee.

LAYMAN'S LANGUAGE: The Gravestone Restoration Fund, created in 2000 is used to repair and maintain gravestones in Jaffrey cemeteries that have been damaged or vandalized, specifically in those instances where no family member can be found to assume responsibility. The current balance in the fund is \$2,354.06.

Art. 13. To see if the Town will vote to raise and appropriate the sum of \$3,000 to be deposited into the Meeting House Trust Fund established in 1991. Recommended by the Selectmen and Budget Committee.

LAYMAN'S LANGUAGE: The Meetinghouse fund was created in 1999. The current balance in the fund is \$25,288.83

Art. 14. To see if the Town will vote to accept the Stone Arch Bridge Tax Increment Finance District Financing Plan. Recommended by the Selectmen and Budget Committee.

LAYMAN'S LANGUAGE: The Stone Arch Bridge TIFD encompasses all of the Industrial District which is bordered by Route 202 along Nutting Road and extending south toward

Turnpike Road. The Stone Arch Bridge TIFD funds the bond payments for the intersection and bridge improvements from Route 202 onto Old Sharon Road. Engineering design has begun on the extension of water mains to the TIFD for water supply and fire protection. This work will also be paid for out of a bond from the TIFD and anticipated grant funding. The appropriation for the water mains was approved at the 2009 Town Meeting.

Art. 15. To see if the Town will vote to accept the Downtown Tax Increment Finance District Financing Plan. Recommended by the Selectmen and Budget Committee.

LAYMAN'S LANGUAGE: The Downtown TIFD includes the Downtown District and the Main Street Program Area. The TIFD supports TEAM Jaffrey, the bond for the land at the Community Ball-field, infrastructure and public utilities projects and analysis of traffic mitigation proposals. This year's Plan includes ongoing matching funding for the Elite Laundry remediation project and anticipated expenditures for the repairs to the Main St. dam.

Art. 16. To see if the Town will vote to establish a Municipal Buildings Maintenance Capital Reserve Fund under the provisions of RSA 35:1 as part of the Town's Capital Improvement Program for the purpose performing major maintenance on existing Town buildings. Recommended by the Selectmen.

LAYMAN'S LANGUAGE: A Capital Reserve Fund is like a savings account for future expenditures. Both the Capital Improvements Plan Committee and the Municipal Facilities Committee have made formal recommendations that a Capital Reserve Fund be created for major physical maintenance on existing municipal buildings. The Fund will allow major maintenance projects to be undertaken on a planned basis.

Art. 17. To see if the Town will vote to raise and appropriate \$50,000 to be placed in the new Municipal Buildings Maintenance Capital Reserve Fund. Recommended by the Selectmen and Budget Committee.

LAYMAN'S LANGUAGE: This Article will place \$50,000 into the Municipal Buildings Maintenance Capital Reserve Fund created by Article 16. If Article 16 fails then this article is passed over.

Art. 18. To see if the Town will vote to raise and appropriate the sum of \$30,000, and to deposit said sum into the Capital Reserve Fund established in 2002 under the provisions of RSA 35:1, for the purpose of conducting a town wide property revaluation. Recommended by the Selectmen and Budget Committee.

LAYMAN'S LANGUAGE: This article will place \$30,000 into the Property Revaluation Capital Reserve Fund established in 2002.

Art. 19. To see if the Town will vote to raise and appropriate \$123,000 from the Property Revaluation Capital Reserve Fund for purposes of conducting a town-wide property revaluation in 2010. Recommended by the Selectmen and Budget Committee.

LAYMAN'S LANGUAGE: Under state law the Town is mandated to complete a town-wide property revaluation. This article will fund that revaluation.

Art. 20. To see if the Town will vote to raise and appropriate the sum of \$40,000 and to deposit said sum into the Capital Reserve Fund established in 1996 under RSA 35:1, for the purpose of purchasing new or refurbishing existing firefighting and/or rescue equipment. Recommended by the Selectmen and the Budget Committee.

LAYMAN'S LANGUAGE: This Article will place \$40,000 into the Capital Reserve Fund for purchasing new or refurbishing existing firefighting and/or rescue equipment.

Art. 21. To see if the Town will vote to authorize the Selectmen to enter into a ten year lease agreement for the purpose of leasing a new Fire rescue truck and to raise and appropriate the sum of \$83,000 from the capital reserve fund established in 1996 under RSA 35:1, for the purpose of purchasing new or refurbishing existing firefighting and/or rescue equipment, to pay the down payment for the lease/purchase. The lease will contain an escape

clause. 2/3 ballot vote required. Recommended by the Selectmen and the Budget Committee.
Committee.

LAYMAN'S LANGUAGE: This Article will replace the existing rescue truck through a lease purchase arrangement. The appropriation will be used to make a down payment on the unit. The existing unit is nearly 20 years old and no longer meets the department's need. The first payment on the new lease will not be due until we take delivery in June 2011. The annual lease payment will be less than the existing payment for Engine 2, which will be paid off in June of this year, so there will be little impact on future budgets as a result of the lease.

Art. 22. To see if the Town will vote to raise and appropriate the sum of \$5,000 and to deposit said sum into the Land Acquisition Capital Reserve Fund established in 2008 under RSA 35:1, for the purpose of acquiring or assisting in acquiring land and conservation easements to conserve strategic open space. Recommended by the Selectmen and Budget Committee.

LAYMAN'S LANGUAGE: This Article will place \$5,000 into the Land Acquisition Capital Reserve Fund for future purchases of land or conservation easements.

Art. 23. To see if the Town will vote to rescind Article 6 of the 2009 Annual Town Meeting authorizing the issuance of bonds and notes to purchase the Hunt property.

LAYMAN'S LANGUAGE: This article rescinds the authorization to borrow funds to purchase the Hunt property. Rather than borrowing the funds, the Board was able to purchase the property from funds appropriated within the 2009 budget, thereby avoiding all the costs associated with borrowing. The authorization to borrow remains in effect until rescinded by Town Meeting.

Art. 24. To see if the Town will vote to adopt the provisions of RSA 41:14-a regarding the acquisition of land, to allow the Board of Selectmen to acquire or assist in acquiring land and conservation easements, provided certain

procedures as outlined in the statute are followed, utilizing funds from the Land Acquisition Capital Reserve Fund. Said authority to remain in effect until specifically rescinded by the Town at any duly warned meeting.

LAYMAN'S LANGUAGE: This article would allow the Board of Selectmen to acquire land or conservation easements using funds from the Land Acquisition Capital Reserve, without going to Town Meeting for prior approval, provided certain procedures, including recommendations from both the Planning Board and the Conservation Commission, are followed.

Art. 25. To see if the Town will vote to raise and appropriate the sum of \$16,000 to support the Jaffrey-Rindge Memorial Ambulance for the ensuing year. Submitted by Petition. Recommended by the Selectmen and the Budget Committee.

LAYMAN'S LANGUAGE: This is a petition article that we receive annually and provides a benefit to Jaffrey and the region.

Art. 26. To see if the Town will vote to raise and appropriate the sum of \$7,000 for the support of the Monadnock Community Early Learning Center, a non-profit agency, or take any other action relating thereto. Submitted by Petition. Recommended by the Selectmen and the Budget Committee.

LAYMAN'S LANGUAGE: This is a petition article that we receive annually and provides a benefit to Jaffrey and the region.

Art. 27. To see if the Town will vote to raise and appropriate the sum of \$7,163 for the support of the Monadnock Family Services, or take any other action relating thereto. Submitted by Petition. Recommended by the Selectmen and the Budget Committee.

LAYMAN'S LANGUAGE: This is a petition article that we receive annually and provides a benefit to Jaffrey and the region.

Art. 28. To see if the Town will vote to raise and appropriate the sum of \$17,000 to support HCS – Home Healthcare, Hospice and Community

Services to support the continuance of visiting nursing services being provided to the residents of Jaffrey. Submitted by Petition. Recommended by the Selectmen and the Budget Committee.

LAYMAN'S LANGUAGE: This is a petition article that we receive annually and provides a benefit to Jaffrey and the region.

Art. 29. To see if the Town will vote to raise and appropriate the sum of \$6,000 to help support the work of The Community Kitchen, Inc. in Keene, NH. Submitted by Petition. Recommended by the Selectmen and the Budget Committee.

LAYMAN'S LANGUAGE: This is a petition article that we receive annually and provides a benefit to Jaffrey and the region.

Art. 30. To see if the Town will vote to raise and appropriate the sum of \$3,800 to Southwestern Community Services, Inc., a private non-profit, multi-service, anti-poverty agency. Submitted by Petition. Recommended by the Selectmen and the Budget Committee.

LAYMAN'S LANGUAGE: This is a petition article that we receive annually and provides a benefit to Jaffrey and the region.

Art. 31. To see if the Town will vote to raise and appropriate the sum of \$3,000 from the Town Clock Fund to be applied toward installing a life safety heat/smoke detector system in the Cutler Memorial Building. Submitted by Petition. Recommended by the Selectmen and the Budget Committee

LAYMAN'S LANGUAGE: This is a new petition article. The Cutler Memorial Building houses the Town Clock and this article and would fund approximately half of the cost of the detector system. Current balance on fund is \$20,000.

Art. 32. To see if the Town will vote to raise and appropriate the sum of \$3,500 to the Jaffrey Civic Center to help support its ongoing community activities and events. Submitted by petition. Recommended by the Selectmen and the Budget Committee.

LAYMAN'S LANGUAGE: This is a new petition article.

Art. 33. To see if the Town will vote to approve the following resolution to be forwarded to our State Representative(s), our State Senator, the Speaker of the House and the Senate President. Resolved: The citizens of New Hampshire should be allowed to vote on an amendment to the New Hampshire Constitution that defines "marriage". Submitted by petition.

LAYMAN'S LANGUAGE: This is a new petition article.

Art. 34. To see if the Town will vote to designate Ingalls Road from Gilmore Pond Road to the Rindge town line as a "Scenic Road" as provided by RSA 231:157. Submitted by petition.

LAYMAN'S LANGUAGE: This is a new petition article.

Art. 35. To see if the Town will vote to assess a yearly fee of \$1.00 per acre on every full acre of land in Jaffrey whose owners have requested that it be assessed and taxed at Current Use Valuation (CUV). Proceeds of such fee to be placed in the Jaffrey General Fund and be applied toward reduction of property taxes for all. Submitted by petition.

LAYMAN'S LANGUAGE: This is a new petition article.

Art. 36. To take up any other business which may come legally before this meeting.

Indefinite Delegation of Authority

Prior to 1999, a number of articles appeared on the Town Warrant each year delegating specific powers to the Board of Selectmen and the Library Trustees. These articles are usually referred to as “boilerplate articles.” During the 1999 annual meeting, Jaffrey’s citizens voted (Articles 32-38) to “authorize indefinitely, until specific rescision of such authority” the Selectmen and the Library Trustees to undertake various actions and, therefore, to no longer include these articles on future Town Meeting Warrants. The Town of Jaffrey now has seven such warrant articles, which are listed below for your reference:

1) ACCEPTANCE OF GRANTS

Shall the Town accept the provisions of New Hampshire Revised Statutes Annotated (RSA) 31:95-b, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific rescision of such authority, the Selectmen to apply for, accept, and expend without further action by the Town Meeting, unanticipated money from federal, state, or other governmental agencies or a private source that becomes available during the year?

2) ACCEPTANCE OF GRANTS BY LIBRARIES

Shall the Town accept the provisions of NH RSA 202-A:4-c, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific rescision of such authority, the Library Trustees to apply for, accept, and expend without further action by the Town Meeting, unanticipated money from a federal, state, or other governmental unit or a private source that becomes available during the year?

3) TAX ANTICIPATION NOTES

Shall the Town accept the provisions of NH RSA 33:7, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific rescision of such authority, the Selectmen to issue tax anticipation notes?

4) ACCEPTANCE OF GIFTS, LEGACIES, AND DEVISES

Shall the Town accept the provisions of NH RSA 31:19, providing that

any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific rescision of such authority, the Selectmen to accept on behalf of the Town gifts, legacies, and devises made to the Town in trust for any public purpose, as permitted by this statute?

5) ACCEPTANCE OF GIFTS OF PERSONAL PROPERTY

Shall the Town adopt the provisions of NH RSA 31:95-e, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific rescision of such authority, the Selectmen to accept gifts of personal property that may be offered to the Town for any public purpose? The Selectmen must hold a public hearing before accepting such a gift, and the acceptance shall not bind the Town to raise, appropriate, or expend any public funds for the operation, maintenance, repair, or replacement of such equipment.

6) ACCEPTANCE OF GIFTS OF PERSONAL PROPERTY BY LIBRARIES

Shall the Town adopt the provisions of NH RSA 202-A:4-d, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific rescision of such authority, the Library Trustees to accept gifts of personal property that may be offered to the Library for any purpose; provided, however, that no acceptance of personal property by the Library Trustees shall be deemed to bind the Town or the Library Trustees to raise, appropriate, or expend any public funds for the operation, maintenance, repair, or replacement of such personal property?

7) TRANSFER OF TAX LIENS AND SALE OF TAX DEED PROPERTY

Shall the Town adopt the provisions of NH RSA 80:80, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific rescision of such authority, the Selectmen to dispose of property acquired by Tax Deed by either conveying said property back to its original owner(s) for consideration equal to all associated unpaid property taxes, interest, and expenses, or to sell said property at public auction, or to otherwise dispose of property as justice may require?

INDEPENDENT AUDITOR'S REPORT

To the Board of Selectmen
Town of Jaffrey, New Hampshire

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Jaffrey, New Hampshire as of and for the year ended December 31, 2008, which collectively comprise the Town's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Town's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Town of Jaffrey, New Hampshire, as of December 31, 2008, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 10, 2009, on our consideration of the Town of Jaffrey, New Hampshire's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in conjunction with this report in considering the results of our audit.

The management's discussion and analysis and budgetary comparison information on pages i-v and 29-30, respectively, are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Audit Report

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Town of Jaffrey, New Hampshire's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The combining nonmajor fund financial statements are presented for purposes of additional analysis and are not a required part of the basic financial statements. The schedule of expenditures of federal awards, the combining nonmajor fund financial statements and the combining statement of fiduciary net assets have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

TOWN OF JAFFREY, NEW HAMPSHIRE Reconciliation of the Statement of Revenues, Expenditures and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Year Ended December 31, 2008

Net Change in Fund Balances—Total Governmental Funds	\$ (200,634)
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount by which capital outlays exceeded depreciation in the current period.	6,565,472
Governmental funds only report the disposal of assets to the extent proceeds are received from the sale. In the statement of activities, a gain or loss is reported for each disposal. This is the amount of the gain on disposed capital assets reduced by the actual proceeds received from the sale of capital assets.	14,053
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in the funds.	24,833
Proceeds from bond issues are other financing sources in the funds, but bond and capital lease issues increase long-term liabilities in the statement of net assets.	(5,148,392)
Repayment of principal on bonds and capital leases is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets.	307,087
In the statement of activities, interest is accrued on outstanding bonds, whereas in governmental funds, an interest expenditure is reported when due.	11,778
Some expenses reported in the statement of activities, such as compensated absences and the estimated landfill closure and postclosure care costs, do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	(4,569)

During the year 2009 we made contributions to the Jaffrey Women's Club Dental Program, The Shelter from the Storm, Santa's House and the Jaffrey Food Pantry.

We sponsored several young children at summer camp offered by the Jaffrey Recreation Department, and approved four student loans.

We continue to purchase magazine subscriptions for the Good Shepherd Nursing Home and provide small birthday gifts to local residents living there. Many of the elderly Jaffrey residents were remembered with small gifts, usually in the form of gas cards and small checks.

Gift certificates for food orders were purchased from Market Basket and certificates for clothing were purchased from Wal-Mart. The certificates were distributed during the Holiday Season and at other times during the year.

As usual, The Alice Poole Fund Committee continues to spend all of the interest received from the Alice Poole Fund Trustees in accordance with the will of Alice Poole.

Reports Boards, Commissions, and Committees

We began the year 2009 still recovering from the mid-December ice storm that devastated a large portion of not only Jaffrey but also Southern New Hampshire. The storm left many streets and roads barely passable because of all the downed trees and tree limbs. Many of us spent the next several weeks making repeated trips to the transfer station (which stayed open on Sundays) with truck/trailer loads of sawn up branches and trees. About the only good thing was that anyone looking to replenish their cordwood supply didn't have far to look. We all can be justifiably proud of the way our emergency services, Police, Fire, Ambulance and Dept of Public Works responded to the crisis. Many members of these organizations went well above and beyond the call to duty. A grateful Town offered its thanks by way of special resolutions presented to the heads of these agencies.

As we prepared to gather for Town Meeting our federal government enacted the "American Recovery and Reinvestment Act" of 2009, more commonly referred to as the stimulus fund. This legislation provided up to 50% funding for infrastructure projects that were "shovel ready" as a means of jump-starting our stalled economy. The method of applying for and then receiving the ARRA funds was not well known prior to the March Town Meeting, but it was the Board of Selectman's belief that the more proactive we were in preparing for the eventual process, the better we would be positioned to be awarded some of these funds. Accordingly the Board presented three warrant articles that relied upon eventual ARRA funding. First the Board asked for authorization to bond for the replacement of water mains from Bullet Pond to Squantum Road and from there along Prescott Road. That article was approved with the necessary 2/3's vote. Second the Board asked for funding of an addition to the new wastewater treatment plant. The Board had been advised that additional filtration of the plant's discharge would be necessary to meet our permitted discharge levels; this article did not receive the necessary 2/3's vote. The third article asked for bonding authority for the preliminary design work on what has come to be called the "through pass". This is a road project that would redirect traffic on RT 202 from Main Street ("the dogleg") to a new roadway and bridge. This article also did not receive the necessary 2/3's vote required for passage.

In April 2009 the Town was awarded funding for two ARRA funded projects. First the water line replacements from Bullet Pond to Squantum Road and then along Prescott Road and, second, the additional filtration process at the wastewater treatment plant. The water main project had already been approved by Town Meeting and therefore required no further action of the Town. These water main replacements will reduce a significant number of leaks and will allow us to increase the size of the water mains which will increase the flow of water, vital to the ability of the Fire Department to rely on fire hydrates for use in fighting fires. The second funding award for the wastewater treatment plant did present some problems as Town Meeting had not approved funding. In order to accept the grant money the Board decided to call a special Town Meeting. We did so because we were sure that securing the 50% grant money would save the sewer users considerable expense. The additional treatment facility is mandatory for the Town to maintain compliance with our discharge permits, now and 15 years into the future. After a couple of false starts in figuring out the rules for accepting ARRA monies we held a Special Town Meeting on November 14, 2009 and were successful in securing the 2/3's majority vote necessary to bond the project. With the completion of this latest upgrade to the Town's wastewater plant, sewer issues should be behind the Town for the next 15 years.

In the early Fall the Board extended an invitation to the Governor Lynch and the Executive Council to hold its regular meeting here in Jaffrey. Our representative to the Council, Debora Pignatelli, on behalf of the Council and Governor Lynch accepted our invitation and joined us early on Sept 9th for breakfast and a brief meeting with the Board and several department heads. Getting in front of the Governor and all five Council members can be and did in fact prove to be a major factor in the advancement of the Town's desire to get State funding for the building of a new roadway and bridge to move the through traffic from our downtown area thereby allowing us to revitalize the western half of the downtown. Through the combined efforts of many Town employees, elected officials and volunteers the Town's road building project was added to the State's 10-year transportation plan.

Your town government could not function without the many people who graciously donate their time and apply their many talents to the workings of a wide number of boards and commissions and we, the Selectman, would like to extend our sincerest thanks and appreciation to all of you. Your contribution to your town makes Jaffrey the best small town in New Hampshire!

Once again it is my pleasure to report to you, the voters of Jaffrey. The year 2009 was a welcome break from the four elections that we had in 2008. The municipal and school board elections were held once again at the Veterans of Foreign Wars Post 5613 and both our annual and special town meetings were held at Pratt Auditorium in the Jaffrey- Rindge Middle School. We have a busier year ahead with the State Primary Election, September 14 and the General Election, November 2.

Those of you who were in attendance at the special town meeting know that I only used one microphone in the center aisle rather than the usual system of 2 microphone handlers. A number of towns do this and I wanted to see how it would work. However after getting some good feedback from regular attendees, in which it was pointed out that some people might have felt intimidated by this process, I'll return to our traditional way of doing things at our next town meeting. Kudos to the selectmen for making a strong effort, via various forms of publicity and postcards to make voters aware of the importance of that meeting. Once again I am heartened by the townspeople's commitment to our traditional town meeting. Thank you to every one involved with the process, especially Rob Stephenson of the Moderators Advisory Committee and our Town Clerk, Maria Chamberlain. This year is my twentieth as your Moderator and I remain grateful and deeply honored for the opportunity to serve you.

Marc P. Tieger, Moderator

THE CEMETERY COMMITTEE was established in 1991 to advise the Town on the operation, maintenance and preservation of Jaffrey's public cemeteries: Conant, The Old Burying Ground, Cutter, Cutter Extension and Phillips-Heil (also the inactive cemeteries, Village and Smallpox). It is composed of representatives of the American Legion and Veterans of Foreign Wars, the Historical Society, Cournoyer Funeral Home, the Board of Selectmen and up to five appointed Members at Large. Town employees Randy Heglin, Rick Forcier and Peachie Chalke assist the Committee in its work. A new resolution setting out the charge of the Committee was adopted by the Selectmen in April and is on the Committee's page on the Town's website.

*Section I only.

During 2009 the Committee met five times with Town staff to discuss operation, budget and maintenance issues, to participate in work sessions or to undertake inspections and cleanups. Each cemetery is overseen by a member of the Committee. This oversight involves inspecting the cemetery from time to time and reporting on conditions and problems at Committee meetings.

All of the Town's cemeteries suffered as a consequence of the December 2008 ice storm. Damage was surprisingly modest (3 broken headstones), but the boundary fence at Conant was crushed in places by falling trees and

extensive debris was found throughout all cemeteries. The Town did an excellent job of cleaning this all up well in advance of Memorial Day.

In the spring the Committee met with the Town's new contractor—Katsura Landscaping (Aaron Abitz)—which is responsible for grass cutting and grounds maintenance at all the cemeteries. Looking back over the past season, the Committee has been very pleased with the quality and timeliness of the contractor's work.

A Cemetery Trees Fund was established at the 2007 Town Meeting. At last year's Town Meeting, \$3,000 was added to fund. (In addition \$500 in private contributions have been received.) \$1,775 was expended during 2009 to pay for extensive pruning and cabling in Phillips and Cutter cemeteries. The Committee hopes that major work in the Old Burying Ground will be undertaken soon.

Minor gravestone repairs were done in Conant, Cutter, Old Burying Ground and Phillips as was stone straightening, mainly in the Old Burying Ground. As all this was done by volunteers nothing was expended from the Gravestone Restoration Trust Fund in 2009.

The entrance gate at Village Cemetery, on Turnpike Road, was re-built by Andy Webber as a gift to the town. The gate, fencing and hearse house will all need painting soon. Interested volunteers are eagerly sought.

Phase IV of the volunteer effort of restoring the iron fencing surrounding John Conant's grave at the cemetery named for him was undertaken by members of the Committee and others. Two sections were scraped and painted. This project is approximately at the half-way point. The goal in 2010 is to complete another two sections. Anyone wishing to help out for a two- or three-hour work session should contact a member of the Committee.

Residents and lot owners are reminded that the Town's Cemetery Rules & Regulations and A Guide to the Public Cemeteries of Jaffrey are available from the Department of Public Works and on the Town website at <http://town.jaffrey.nh.us>. The Cemetery Committee now has a page on the site under Town Government, Committees/Commissions. More content will be added during 2010.

Cemetery Committee

An exciting project was launched this past year through the combined efforts of the Monadnock and Dublin Garden Clubs. In observance of the Garden Club of America's centennial in 2013, these two garden clubs are taking on Cutter Cemetery as a project. The intention is to enhance this cemetery's distinctive sugar maple allees. Trees that have long gone would be replaced and cuttings would be propagated for future use. The clubs have been successful in raising funds for trees and the Committee is appreciative of their efforts and looks forward to admiring the results. Information on this several-year project should appear on the Committee's website during 2010.

The Committee thanks those volunteers who have shown an interest in Jaffrey's cemeteries by devoting their time and attention to their care and maintenance over the past year.

Community Center Committee Report

The ball field has been used daily during the playable months and the concession stand is near completion. There is still some interior work to be done. We are, however, ready to build the Center. The building will be located next to the ball field in proximity to Rails to Trails.

This year we have continued to tweak the plans. We have elevation and structural designs for the building. We have bids from four local contractors. We also have operational and maintenance costs.

We continue to fund raise and have hired a grant writer. We have had positive comments for our proposal, but since we have not yet achieved Town approval, donors are hesitant to fund the project. We will however, continue to move forward.

A Blue Ribbon Committee was formed last fall to study the condition of each of the town buildings. It was determined that the town office building is in near critical need of either renovation or replacement. Consequently, a study committee will be formed to recommend what action is best to take. The Community Center Committee will now wait until that decision has been made.

We will keep the public informed with some informational meetings and continue to ask for your input.

We are always looking for new faces to help us in this important venture. Please do not hesitate to call me or the Chamber to let us know if your are interested in joining our committee.

Susan Leach, Chairman

The Conservation Commission was established in accordance with Revised Statutes Annotated (RSA) 36-A for the proper use and protection of Jaffrey's natural resources and watersheds. The Commission provides a focal point within the town and its government for environmental concerns, joined in 2007 by the Energy Committee. The Commission may advise the Planning Board and other local bodies on conservation matters. The Commission may act more directly to protect natural resources by acquiring land, either outright or through easements, with the approval of the Selectmen. The Commission may then manage these conservation areas. The Commission also manages designated town forests.

2009 was a watershed year for the Jaffrey Conservation Commission. Consistent with the Master Plan Update and other expressions of community sentiment, the Commission made significant progress in developing a comprehensive approach to preserving open space and the town's rural character. Among the highlights:

- The Commission completed a Natural Resource Inventory (NRI) in June. The NRI employs statistical data and spatial mapping to document the town's natural resources and their significance.
- The Commission developed a six-year plan for the Land Acquisition Capital Reserve Fund (LACRF) approved at Town Meeting in March. LACRF is a new mechanism for funding land purchases and conservation easements. The goal is to build it to \$145K or more by 2016 through a combination of town appropriations and annual contributions from the Conservation Fund.
- The Commission drafted a proposal to establish an Open Space Committee in Jaffrey. This proposal is currently being fine-tuned by a joint committee of Planning Board and Conservation Commission members pending final approval by the Selectmen. If and when formed, the Open Space Committee will manage LACRF and develop an Open Space Plan establishing priorities for land preservation based on the NRI and other data. The Open Space Committee will also implement the Open Space Plan, both by responding to opportunities to protect land as they arise and, proactively, by engaging landowners in a dialogue to highlight options.

These developments are a four-legged stool for land preservation that is grounded in documentation, prioritization, and planning to determine when it will be in the town's interest to purchase land or to help preserve land remaining in private ownership via easements.

Reinforcing these developments is a potential fifth step that the Commission has brought to the attention of town leaders: the idea that Jaffrey consider joining the Monadnock Community Conservation Partnership. The Partnership is an arrangement enabling area towns to access expertise from a consortium of regional and state organizations active in land protection. It combines strategic planning and technical assistance to strengthen local capacities by providing professional backstopping to busy volunteers at the town level. In Jaffrey's case, it would help the Open Space Committee to interpret the NRI and both develop and execute the Open Space Plan according to rigorous criteria. Jaffrey's participation in the Partnership will, in all likelihood, be determined if and when the Open Space Committee is created.

Cumulatively, these interrelated initiatives promise to lay the foundation for important accomplishments in land preservation in the new decade and beyond. They represent the big picture on which the Commission spent considerable time and energy in 2009.

Other accomplishments of the year include:

1. Completion of a Baseline Documentation Report for the Gray Goose Farm property off Squantum Road, on which the Commission holds a conservation easement, including a protocol for annual monitoring to ensure compliance with the easement's provisions.
2. Identification of priorities for enhancing public access to and enjoyment of the Cheshire Pond Conservation Area based on the Management Plan adopted in December 2008. This is a work agenda for the next several years.
3. Completion of three notable projects in Children's Woods/Carey Park. The Commission led a team of volunteers -- citizens and students from the Jaffrey-Rindge Middle School -- removing debris and other hazards

from the ice storm. This project reopened trails for safe use by the public at no public expense. The Commission also replaced the foot bridge on the main trail near Stratton Road at minimum cost by doing the work itself. In a related development, the Commission arranged for the NH Department of Resources and Economic Development to repair the trestle bridge on rails-to-trails at state expense.

4. Establishment of a special Conservation Support Fund for making grants to local organizations whose activities promote conservation goals. (State law prohibits making grants from most revenues credited to the regular Conservation Fund.) In 2009 the Commission awarded grants to the following organizations:
 - To the Thorndike Pond Conservation Association for its Lake Host Program, a state-wide initiative of the NH Lakes Association to protect lakes and ponds against invasive species of aquatic plants through boat inspections and information to boaters.
 - To Camp Wildwood, an environmental summer camp in Rindge operated by Massachusetts Audubon, to provide scholarship support for two Jaffrey youngsters.
 - To the Harris Center for Conservation Education in support of an annual award to a graduating senior at Conant High School for contributions to environmental protection.
5. This year's grants were made possible by a private donation. Starting in 2010 the annual town appropriation to the Conservation Fund will be assigned to the Conservation Support Fund; and with this in mind, the Commission has established guidelines and priorities for future grants.
6. Sponsoring two public information meetings, one on the Natural Resource Inventory and the other on the **Monadnock Community Conservation Partnership**.

As in past years, the Commission helped expedite several conservation easements for lands in Jaffrey that possess distinctive natural resources

and/or reflect the legacy of village life. Most of these protected lands will remain in private ownership. One is on town land, an easement on Children's Woods held by the Monadnock Conservancy that completes the wetlands mitigation package enabling construction of the new ball field by Blake Street. The Commission will continue to manage Children's Woods within the terms of the easement.

Much of the Commission's more routine work involves assisting property owners when conservation issues arise, processing applications to the state's Department of Environmental Services, and coordinating with the Building Inspector on landowner compliance with state environmental laws and relevant town ordinances. In 2009 the Commission advised or otherwise assisted the Selectmen on a number of projects and also signed off on applications to the DES Wetlands Bureau submitted by the Jaffrey-Rindge Cooperative School District and the Troy Water and Sewer Department.

Members of the Commission attended a number of conferences, workshops, and lectures in a continuing attempt to stay abreast of new

thinking, technologies, and experience. These included a "Land Summit" sponsored by the Monadnock Conservancy (also attended by other town officials and citizens), at which the Commission displayed its new maps from the Natural Resource Inventory; the annual symposium on "Saving Special Places", annual meetings of the NH Association of Conservation Commissions and the

Monadnock Conservancy, and a particularly helpful lecture on upland invasive species by Douglas Cygan, Invasive Species Coordinator for the NH Department of Agriculture.

In other activities, the Commission again had a booth at this year's Riverfest, at which it displayed the NRI maps, brochures on habitat diversity published

by the NH Wildlife Action Plan, and materials – including handouts -- providing information on the Asian Longhorn Beetle and other invasive species. The Commission also contributed to the drafting of four warrant articles approved at Town Meeting.

Finances became a serious concern in 2009, as not a single dollar in revenue from the Land Use Change Tax was received during the year. (This tax is the Commission's principal source of revenue, and the annual average in recent years had been \$24.9K.) Loss of this revenue limited the Commission's ability to help the town cover costs associated with completion of the easement on Children's Woods, and it prevented the Commission from contributing to the new Land Acquisition Capital Reserve Fund as originally planned. Entering 2010, only \$1,010 in uncommitted dollars remain in the Conservation Fund. It is anticipated that severe revenue constraints will continue in 2010, reflecting the larger economy.

Transitions: The Commission welcomed Patricia T. Weiner's appointment to full membership after almost two years of service as an alternate member. In October, John O. Field stepped down as chair of the Commission after 2 ½ years in that role. He was replaced, on an interim basis, by William J. Graf and James R. Bearce. Katherine Batchelder became the Selectmen's Representative to the Commission in April, replacing Donald MacIsaac.

The Commission welcomes participation by Jaffrey citizens in its deliberations and activities. It also encourages inquiries and suggestions. The town website contains the schedule of meetings and approved minutes of past meetings, as does the bulletin board at the Town Offices. Relevant documents may also be found on the town website, including the Natural Resource Inventory, the Management Plan for the Cheshire Pond Conservation Area, the Baseline Documentation Report for Gray Goose Farm, and the 2005 Cost of Community Services Study.

The Economic Development Council (EDC) is made up of business people, community leaders, and local residents with an interest in promoting the economic vitality and growth of Jaffrey. This year we welcome Bill Schofield, Jake Jalbert and Norman Langevin as members of the council.

The Economic Development Council is deeply saddened by the passing of Steve Krause this past October. Steve was a longtime member of the EDC, and was an active participant in many of the projects and a great contributor to the betterment of Jaffrey. He will be missed by every member of the Council.

We have seen some significant progress on long standing projects which are summarized below.

Traffic Improvements at the route 202/124 “Dogleg”

After completion of the Phase 2 Feasibility Study, by Vanasse Hangen Brustlin, Inc. the EDC worked to ensure that this project was included on the statewide 10 year transportation plan. Presentations were made to SWRPC, the Governor’s Council on Intermodal Transportation, local and state representatives and the NH DOT. The EDC was successful in this effort and it is important to keep the project moving forward. A key part of the materials developed for the presentations was a short animation video of the downtown depicting through traffic during peak hours. The video shows current conditions and traffic flow through the proposed roundabout. The video and reports can be found on the town website at online resources.

Elite Laundry Brownfields Remediation

An important development over the past year was the award of an EPA Brownfields grant of \$600,000 for the site clean-up and redevelopment of the former Elite Laundry site. Early in the year the town also benefitted from an assessment grant from SWRPC for the demolition and removal of the existing buildings. The site now is cleared and stabilized. Beginning early in 2010 initial remediation efforts will be underway. Information and notices will be published through the Ledger and on the town website.

Tax Increment Financing Districts

Downtown TIFD: The Downtown TIFD continues its support of TEAM

Jaffrey. Projects this year include a grant award of \$20,000 for the development of the “Jaffrey Commons Market”. The Market, funded through a startup grant with USDA/RBEG, is a web site designed to support and encourage cooperative marketing and e-commerce for local entrepreneurs, business owners and cottage industries located in Jaffrey. Each business will be responsible for maintaining and updating their individual webpage within the site. The website will be hosted through TEAM Jaffrey.

The District continues to support the Community Center project through bond payments for the land and planning support for the building.

The downtown dam assessment was paid for through TIFD funds. Bids on repairs should be completed in 2010 and that work will also be completed through funding by the TIFD.

Stone Arch Bridge TIFD: The water mains project for the District has proceeded through alternatives analysis and contract award. Engineering will be complete in early 2010 with construction anticipated later in the year pending grant support.

We look forward to the coming year and the opportunities it will present as we proceed with ongoing projects and begin new initiatives to help sustain Jaffrey’s economic vitality.

Respectfully submitted,

Jo Anne Carr,

Director of Planning & Economic Development

Jim Dumont (Chair), Steve Walker, Don MacIsaac, Kathy Batchelder, Bill Schofield, Jake Jalbert and Norman Langevin

The purposes to be served by the Committee are set forth in Article II of its By-Laws as follows: “The Jaffrey Energy Committee, acting as advisor to town officials, the schools, businesses and residents on energy matters, will seek to encourage energy conservation and sustainability (and to save money wherever possible) through the wise use of energy, giving special attention to minimizing carbon dioxide emissions, fossil fuel dependency, and wasteful energy consumption while maximizing clean renewable energy use. Among numerous critical energy challenges and opportunities, the Committee shall advocate: reduction of energy and environmental waste through smart recycling; reduction of carbon and other harmful fuel emissions through technological innovations and through shifts to alternative energy sources that minimize fossil fuel dependency; reduction of costs of residential, commercial and town lighting through elimination of unnecessary lighting, use of low energy lighting sources, and good lighting management practices; reduction of heating and air conditioning costs in buildings by maximizing energy conservation and efficiency and other performance factors; increase of energy efficiency through reformed building and property development codes; collaboration with other local, state and national organizations, including other town energy committees, to advance the above-stated purposes.”

Members of the Committee are Richard Ames (Chair), Doug Clayton, Margaret Dillon, Ed Surprenant, Andy Jones, Bonnie Mitchell, Rob Stephenson, Douglas Starr, Steve Dark, and Harry Young (Vice-Chair). Meetings have included presentations on the promise of Biochar systems for clean energy and on energy improvement initiatives implemented at Millipore. The Committee encourages all those interested in participating in the work of the Committee to come to the Committee’s meetings (times and locations are posted on the Town’s web site) or to contact its Chair for further information.

Minutes of the Committee’s meetings, as well as related notices, reports, documents and links, are posted at the Committee’s page which is hosted on the Town’s web site at: www.town.jaffrey.nh.us/Committees/Energy/JECHome.html.

Noteworthy developments in 2009 included the following:

Streetlighting

In April 2009, after more than a year of field work, public meetings and

deliberations, the Town's Ad Hoc Street Lighting Committee, functioning with the full support and participation of the Energy Committee, recommended that 86 of the Town's 222 streetlights be removed and that the remainder (except the vintage lights in historic Jaffrey Center) be converted to more energy and light efficient 70 watt metal halide lamps. In June, with the support of the Jaffrey Historic District Commission, two of Jaffrey Center's streetlights were added to the list of recommended removals. The Committee estimated that the dollar savings from these actions would amount to \$29,235 per year after a conversion cost pay-back period of about 3 years. These conversions would reduce the Town's streetlight energy use by about 17,500 watts. In response to these recommendations, the Board of Selectmen decided to remove 71 lights and to proceed with the energy saving conversions as recommended by the Streetlighting Committee.

Town Offices Energy Audit

Energy Committee member Margaret Dillon, of Sustainable Energy Education Demonstration Services (SEEDS), completed a comprehensive pro bono energy audit of the Town Offices building. The audit report identified actions with potential for significant energy and spending savings in three categories, Tier 1, HVAC, and Tier 2. Tier 1 improvements were offered for immediate action in order to "reduce energy use and improve comfort and durability in the most cost effective manner possible." A rough estimate for the Tier 1 upgrades was \$32,350. The likely impact of these Tier 1 upgrades would be "dramatic reduction or elimination of all ice dams; significant increase in comfort and reduced temperature differentiation between floors; reduced propane use of approximately 400-500 gallons." Options for HVAC improvements were identified with a likely cost considerably less than the \$70,000 that had been suggested in the recent Turner Group Report. Tier 2 actions, which would accomplish a "deep energy retrofit to effect a high performance building", were offered for consideration as the Town develops its long-term plans for this building. The Town Offices audit report is posted on the Energy Committee's page of the Town's web site. The Town's Facilities Committee has recommended to the Board of Selectmen that the Town apply immediately for grants to fund the Tier 1 and HVAC improvements.

Grant for Energy Audits of Town Facilities

On the Energy Committee's recommendation and with its support, the Town applied for and has received a \$16,250 grant for energy audits of all

town facilities other than the Town Offices building. The grant was awarded late this fall from the Regional Greenhouse Grant Fund administered by the Public Utilities Commission. This work will be done in early 2010 after selection of a qualified contractor through a public competitive process.

Grant Application for Energy Improvements at Town Offices Building

With the support of the Energy Committee and the Town's Facilities Committee, the Town began in late 2009 to lay the groundwork for grant applications to fund Tier 1 and HVAC energy improvements. A likely source of funding is the federal Energy Efficiency Conservation Block Grant Program. The application process for block grant funds will begin in January 2010.

Other Activities

Other Energy Committee activities in 2009 included:

- collaborating with Clean Air-Cool Planet and Town staff to develop baseline energy usage data for the Town;
- supporting the Town's plan to install a pellet boiler at the Town's wastewater treatment facility;
- participating on the Town's Facilities Committee and supporting that Committee's recommendations for energy audits and upgrades at all Town facilities and for the establishment of a new ad hoc committee to conduct a comprehensive review of the Town's recycling facility;
- supporting the Town in an unsuccessful application for Regional Greenhouse Grant funds to support a solar energy feasibility study;
- voting to recommend to the Town that "any new Town building or major improvement to a Town building should be designed and built to follow the principles of integrated design for high performance buildings."
- participating in a collaborative meeting with 11 other energy committees from the Monadnock region that was convened in December by the Southwest Region Planning Commission.

The Jaffrey Historic District Commission was established by the citizens in 1969 to safeguard the heritage of Jaffrey Center by a) preserving a district that reflects elements of its cultural, social, economic, political and architectural history, b) conserving property values in the district, c) fostering civic beauty, and d) promoting the use of an historic district for the education, pleasure and welfare of the citizens.

In the year 2009, the Historic District Commission met 10 times to discuss business relating to the Commission's ordinance to "regulate the construction, alteration, painting, moving, demolition, or use of the structures and places" within the district as well as other historic matters within the greater Town of Jaffrey. During the year one formal application was filed:

Application No. 93 – Stephen & Noel Pierce and Max Mitchell – 379 Main Street, within the Historic District with Town water. The applicants would like to install a new sign in front of the Inn at Jaffrey Center, reflecting the name changes to Monadnock Inn and its restaurants, with updated light fixtures. APPROVED, with conditions.

Additionally during the year 2009, a Public Hearing was held to gather information and input from the community regarding the possible removal of two streetlights in the Historic District, as proposed by the Streetlight Committee. Final action was taken by the Selectmen.

During the last decade, the Commission has expanded its focus outside the Jaffrey Center Historic District to the town as a whole through Jaffrey's participation in the Certified Local Government (CLG) program, a nationwide effort of the National Park Service that is administered by the NH Division of Historical Resources in Concord. The 2008 CLG application was submitted and funds approved for the completion of a Survey Area Form of Squantum Village, the earliest settlement (1740s) in the Jaffrey Township, by Elizabeth Durfee Hengen, certified Preservation Planner. The area survey which was completed during 2009 concludes that Squantum Village qualifies for inclusion in the state and national historical registers. Copies are available at the Library and Town Office for public review.

The Commission cosponsored the annual event of a reading of the Declaration of Independence on July 4th at the Meetinghouse which was well attended by Jaffrey residents as well as many people from surrounding towns.

The Commission would like to extend its sincere thanks to the residents and neighbors of the District for cooperating and considering the impact any changes to their houses might have on the overall character of the Historic District.

The Commission would like to thank the Selectmen's Meetinghouse Committee for the continuing coordination and ongoing restoration of the Meetinghouse.

All residents are reminded that the Historic District Commission's regular monthly meetings are held on the first Thursday of the month at 7pm. Winter meetings are in the Town Office; summer meetings are in the Meetinghouse.

The total circulation of materials in 2009 was a record high of 51,047. This reflects an increase of 8% and a circulation per capita of approximately 9 items. The use of the public access internet also showed an increase of 28% with 6,964 people using the library computers. We also tracked the use of wireless access and recorded 451 wireless users in the library. Of course we missed many of the users that access from outside our building!

Encouraging reading in our younger users is a high priority at the library. Our staff visits area daycare centers, preschools, and public schools to offer our resources and services.

The annual Summer Reading Program encouraged kids to “Picture this, Imagine that...Read!” 106 kids read and listened to books for a total of 1,757.5 hours! Throughout the summer children enjoyed craft programs, special presentations and our culminating event which featured Todd Wellington the “King of Silly”. Last spring we scheduled a six week film series for our teen patrons. They picked some great films and enjoyed the films almost as much as the popcorn. Our most successful new program this year has been our knitting group. They meet every Friday at 10:30 in the Bean Room. It’s usually a full house, but we can always make more room, and tips on knitting, crocheting, and many crafts are plentiful.

DVDs and books on CD continued to be our two most popular collections. Through the Downloadable Audio Program offered through the NH State Library program, anyone with a Jaffrey library card has the ability to download audio books to a computer, transfer them to an MP3 player, an I pod, or burn selected titles to CDs. There are thousands of titles and it’s free with your library card. The web site is <http://nh.lib.overdrive.com> or you can click on the icon on the library website.

The Friends of the Library helped us by fund raising and by sponsoring various speakers, educational events, the film series, and the Summer Reading Program. The Friends’ annual Book Sale to raise money for these programs is held in July as part of Riverfest. The library has partnered with Team Jaffrey for several of their projects, and continues to work with the Recreation Department by visiting camps during the summer to provide story hours. We have also increased our deposits of material to Good Shepherd Nursing and Rehabilitation Center to twice a month.

This year we received a bequest from Mildred Cutter, a longtime library patron and friend, in the amount of \$118,000.00. This is a wonderful gift and, following the directive of the bequest, will be used primarily to enhance and promote children's services. We are thankful for the many gifts and donations we receive from individuals and community organizations. In 2010, we look forward to providing you with service that meets your needs and we thank you all for your support.

THE MEETINGHOUSE COMMITTEE advises the Town on matters pertaining to the use and maintenance of Jaffrey's historic Meetinghouse.

The Meetinghouse served as a venue for many events between May and October 2009: Amos Fortune Forum (seven lectures), Monadnock Music (four concerts), Downtown Concerts (one relocation due to rain), Conant High School's 17th annual Shakespeare Festival, the 93rd annual First Church Fair, and six weddings. Several Town boards and committees met in the Meetinghouse one or more times, including the Board of Selectmen, Budget Committee, Conservation Commission, Cemetery Committee, Energy Committee, and the Historic District Commission. The Meetinghouse hosted the Jaffrey-Rindge Cooperative School District on June 22nd and on September 9th Governor Lynch and the NH Executive Council. The Meetinghouse was the scene of numerous other meetings, school group visits, and gatherings throughout the year. The Committee along with the Jaffrey Historical Society, the Village Improvement Society and the Historic District Commission cosponsored the 9th annual reading of The Declaration of Independence on the 4th of July. The Meetinghouse was again full and the 38 volunteer readers did a marvelous job. All are invited to attend and participate.

The Committee made thorough inspections of the Meetinghouse in April and October. Between these inspections a variety of projects were undertaken, sometimes by members of the Committee and at other times by volunteers or contractors: Inspection and servicing of the Town clock (largely done by Charles Marvin); annual testing of the fire alarm system; and the usual touch-up interior painting, oiling of exterior stairs and ramps and minor plumbing and electrical repair. Andy Webber rebuilt the bulkhead to the cellar and Dennis Wright and his crew painted the east façade. The Amos Fortune Forum kindly paid for two rubber floor mats for the entrances and for the installation of a floor outlet and two outlets on the base of the stage. Electrician Mike Shea accomplished these tasks. He also installed an exterior outlet under the rear stairs.

For the fourth year a Christmas tree was installed on the Common and a lighting ceremony with caroling was held on December 6th. As always, candles were set in the south windows of the Meetinghouse during the holiday season.

The Meetinghouse now has its own webpage, hosted on the Town's website at <http://town.jaffrey.nh.us>. Go to>Town Government >Committees/Commissions > Meetinghouse Committee. Here you will find historical information, photographs, the schedule of events, and the application and guidelines for use.

The major project in 2010 will be the painting of the windows. Six were removed on January 4, 2010, and a second six will be removed and painted after the first six are reinstalled. Another 12 or more will be similarly removed and painted in 2011. Dennis Wright is overseeing the work.

The calendar for next season is beginning to fill. Other than the usual events, four weddings have already been booked. These and other private gatherings benefit the Town through rental fees.

The Monadnock Advisory Commission was created by State Statute and is charged to advise and guide the Department of Resources and Economic Development on the management of State lands on Monadnock, Gap and Little Monadnock Mountains. State law allows the Commission to accept tax deductible donations. MAC is a primary funding source for search and rescue supplies and equipment.

In response to the December 2008 Ice Storm, all trails on Monadnock were closed to the public until a full evaluation of the damage and subsequent clean-up could be finished. The White Dot and White Cross Trails were cleared first, due to their popularity. The clean-up work was limited to Monadnock staff, other DRED personnel and official Monadnock volunteers because of safety concerns, conditions of the trails and effects of clearing them. All trails were reopened by late Spring. The campground reopened in May. Gap Mountain, Rhododendron State Park and Annett State Wayside Area were also cleared with help from SPNHF and Monadnock volunteers.

In spite of the closures, hiking attendance and revenues increased slightly in 2009. Iron Ranger revenue helped bring additional money into the Park System. Camping attendance and income were down.

Henry Baldwin's Monadnock Guide will be republished by Craig Brandon of Surry Books. Edits and updates worked by Monadnock managers and staff over the past ten years will be included.

The MERE project, Monadnock Ecological Research and Education project, under the auspices of Antioch University professor Peter Palmiotto, continues. Among the interesting and valuable projects are a Summit Stewardship program which educates hikers on alpine vegetation around the summit, research on the long term effects of the ice storm, the formation of a database of plant life and mapping of plant communities on the mountain.

A total of 12 applications were submitted to the Planning Board during 2009 which was greatly reduced from 22 the previous year.

A. Site Plan-

- a. 6 Site plans were approved. The decision on one was reconsidered and subsequently approved.
- b. 3 Site plans were amended and approved

B. Subdivisions-

2 Technical subdivisions were approved

The Planning Board passed two important changes to the town's ordinance, a comprehensive sign ordinance and a wind turbine ordinance. In addition, the Downtown Master Plan addition to the 2006 Master Plan was completed.

A Capital Improvement Plan committee was established and it completed a comprehensive capital plan for the next 6 years and was submitted to the Board of Selectmen.

In 2010, ordinance changes will include a clarification of developers vested rights in project approvals. Open Space management will also be addressed.

In view of the state mandate that every community provide affordable housing, the Jaffrey housing plan will be updated.

It was a quiet year for the Supervisors of the Checklist. Without state or national elections Supervisors were able to consolidate files and electronic records in preparation for the upcoming election year.

Supervisors of the Checklist, elected officials of the Town, are governed by RSAs and report to the Secretary of State's Office regularly. The primary purpose of the Supervisors is to maintain the integrity of the voting process for the Town of Jaffrey which includes maintaining an accurate and up-to-date Voter Checklist. Elected for 6 year terms, Supervisors meet in regular and frequent sessions to update the Checklist and register new voters, as well as attend all Town Meetings, School District Deliberative sessions and all local, state and national elections to ensure the integrity of the voting process. The current Voter Checklist is available on the bulletin board by the Town Clerk's office. Voters may register or make changes to their own records with the Town Clerk during normal business hours or by attending any of the six sessions held throughout the year by Supervisors.

It has been 6 years since the Help American Vote Act (HAVA) was passed and the State of New Hampshire established a state-wide Voter Checklist. The transition from the Town of Jaffrey's computerized checklist to the state-wide system was a significant and successful effort by the Town's Supervisors and took nearly a year to accomplish. Supervisors maintain the Town's portion of the state-wide in an online, dedicated file protected by passwords and restricted access. Voters who have died or moved out of the Town are removed from the Checklist within a few days of those events. New voters and changes to voter records are made almost immediately. During 2009, Supervisors spent 143 person hours maintaining the Voter Checklist and providing oversight at elections.

Event	Total Number of Voters	Number Voting	Percentage of Voters	Declared Republican Voters	Declared Democrat Voters	Undeclared Voters

In May 2009, “Betts” Balentine, Chair of the Supervisors of the Checklist, retired after 26 years of service to the Town of Jaffrey. “Betts”, the longest-serving elected official in the Town, oversaw the transition of the Checklist from paper records to the Town’s computerized system and then to the state-wide system under the auspices of the Secretary of State during her term of service. Supervisors appointed Barbara Pelkey as interim Supervisor in July and elected Kathleen A. Sterling as Chair. In September, Kathleen was awarded a copy of the State of New Hampshire’s Constitution by the Secretary of State for successfully completing a newly-designed online HAVA training program.

In 2009, TEAM Jaffrey celebrated its tenth year as Jaffrey's Main Street Program. We celebrated with both community and volunteers at our annual meeting held at the Jaffrey Civic Center last June. We continue to build on our strengths of community partnerships, wonderful events and business support, while working to develop a new vision for our next ten years. Jaffrey continues to be recognized as a National Certified Main Street Community, an honor we have had continually since our inception in 1999 and could not have done without the support of the town's population. To do this Jaffrey must meet the National Main Street Center's 10 Standards of Performance.

Partners in the community continue to work together with TEAM's volunteers to bring downtown alive with our signature events: Scarecrows on the Common and Riverfest. This year both events give civic groups the opportunity to showcase their work and commitment to this community. As always, we look forward to bringing you summer concerts, spring and summer flowering displays downtown, a community clean up as well as our fun family events.

TEAM Jaffrey's four point approach to revitalization is demonstrated in our four committees: Design, Outreach, Promotions and Economic Restructuring. Each of these committee have different focuses and expectations, but collectively they work to enhance the quality of life in Jaffrey. This is accomplished in various ways such as subsidizing sign and façade grants for downtown merchants, collaborating with the Chamber of Commerce and the Town Economic Development Committee on traffic issues as well as downtown infrastructure needs, promoting local businesses, reaching out to other community groups to celebrate our uniqueness and providing family oriented activities which bring young and old, friends and strangers together.

TEAM Jaffrey belongs to the people of the Town of Jaffrey and we would like to thank you, the citizens, the Jaffrey business community and the Town of Jaffrey for supporting our endeavors. Our organization is always looking for people with new ideas to help us promote the mission of TEAM Jaffrey: To enhance, revitalize and aesthetically improve the downtown area of Jaffrey, NH by supporting the existing commercial establishments, encouraging new business opportunities and promoting tourism.

Feel free to stop by and visit our office located on the lower level of TD Bank, 28 Main Street. We welcome your ideas, your creativity and your time.

Staff Reports

One of the most challenging issues this year was the December Ice Storm. The year began with the clean up well under way. The extent of the damages due to the storm was such that clean-up activities continued throughout a majority of 2009. Fortunately a significant portion of the costs of the effort were reimbursed through the FEMA. Among the lessons learned from the storm was the need to improve the way we communicate with townspeople during such a crisis. To address this issue the Town contracted with the Emergency Communications Network to utilize the CodeRED notification system, which will provide the Town with the ability to quickly deliver information town-wide or to targeted areas. The system can deliver messages via telephone or text. If you wish to register your cell phone or email address or if your phone is unlisted, go to our web site www.townofjaffrey.com and use the link to CodeRED to register. If you do not have internet access, call 532-7445, mailbox 101 to register.

During this past year the Town demolished the buildings at the former Elite Laundry site. The town has been successful in obtaining three competitive grants from the Environmental Protection Agency to begin clean-up of the site. The grants total \$600,000, and the remediation will start during 2010. Our long-term goal is the redevelopment of the property once the remediation has been completed.

In 2008 the Town retained the Turner Group to conduct an assessment of all municipal buildings, including structural issues, electrical, mechanical systems, and code and accessibility issues. The report was completed in February 2009 and the Board of Selectmen created a Facilities Committee to review the report and make recommendations to the Selectmen. The committee has completed their work and the Selectmen will be addressing their recommendations during the upcoming year.

Town employees all work hard to provide the highest quality services to you day in and day out, and the budgetary constraints of this past year have made their task all the more difficult. I thank all of the Town's employees for their dedication and hard work.

The firefighters continued to train on a monthly basis throughout 2009 and also participated in other specialty trainings. One of the specialty trainings was RIT Training (Rapid Intervention Team) which is training that teaches the firefighters to be able to rescue themselves or other firefighters that may become injured or trapped during an incident. The firefighters are committed to continuing to train on everyday knowledge they need and the specialty training that is needed to keep them safe and for the people who need them in an emergency.

The fire department experienced the lowest number of call firefighters on staff for the first time in 2009. The number of firefighters available during the day is also been a problem this year as most of the call firefighters work at their fulltime jobs out of town. Although we have been able increase the number of call firefighters back up to 23 we still are in the need for more

call firefighters. We are actively looking for anyone that would be interested in becoming a call firefighter and are looking at other ways to staff the fire department in the future. Anyone that is interested in becoming a call firefighter should contact the Fire Chief at the fire station or go to the fire departments website www.jaffreyfire.org for information on joining the fire department.

The Fire Department took delivery of a new brush truck in June which replaced a 1942 non-compliant brush truck. The new brush truck was purchased with 5% town funds and 95% funds received from the 2007 FEMA Fire Fighters Assistance Grant that was awarded to the town. The new brush truck will allow the firefighters to respond safely to not only brush fires but many other types of incidents that the old truck was not useable for. We will continue to apply for all possible grants that will assist the fire department with training, replacing old equipment and or purchasing new equipment that is needed due to the continually changing calls for emergency services.

A new State of NH Fire Code Law became effective January 1, 2010 requiring Carbon Monoxide Detectors in all newly constructed or substantially rehabilitated single family dwellings.

Administrative rules for this statute are being proposed for existing construction which includes any residential unit in a building or single family dwelling which provides permanent or transient living facilities for one or more persons, which is occupied by tenants on a rental basis. In the rulemaking process, the Division of Fire Safety will be recommending a two-year phase in process for implementation for existing construction. As a reminder a minimum one smoke detector should be installed on every level of your home. Additional smoke detectors should be installed in every bedroom and hallway outside of the bedrooms. A carbon monoxide detector should also be installed on every level of your home. Detectors need to be tested monthly and the batteries need to be change at a minimum of once per year. Please contact the fire department with any questions or if you need help in installing a smoke or carbon monoxide detector.

The accomplishments and the level of service provided by the fire department are made possible by the dedicated firefighters, their families, the retired firefighters, the Jaffrey Firefighters Co., the FAST Squad, local business,

citizens, taxpayers and all of the fire departments in the area that helped us in a time of need. We thank you for your support and assistance.

The Department of Welfare General Assistance expenditures for 2009 aligned themselves with 2008 figures due to some new resources being made available including the Making Home Affordable Program for homeowners, and the Homeless Prevention & Rapid Re-housing Program for renters and homeless persons. However, regardless of these programs, the largest expense remains rent and mortgage assistance. The department also expended almost \$24,000. to homeless shelters in the area to house Jaffrey residents. There is still an incredible lack of affordable housing throughout NH, forcing people to choose between food, medications, and rent. We need to listen to the issues of historically excluded residents to build workforce housing which will provide comprehensive support services, on-site childcare, laundry facilities, a yard for children to play, storage, privacy, and security. Tackling this one issue will combat several challenges by giving single parents a chance to get on their feet, get off state and local assistance, become contributing members of the community, and succeed.

The second and third largest expenses were due to the continuing rise in unemployment. As a result, many lost health insurance coverage and sought assistance with medications and medical bills. Still others used electricity to heat their homes, resulting in incredibly large electric bills. For people needing help with these expenses, please call Jaffrey's CAP agency at 352-7512 to make an appointment for fuel and electric assistance.

Lastly, in 2009, 26% of people who made appointments for assistance did not come to the appointments, but the assumption is help is still needed. I encourage people to come to the town office to pick up a free copy of the 2009 FACT book containing many valuable resources available in the Monadnock Region.

To follow is a breakdown of 2009 Department of Welfare expenditures by category:

RENT / MORTGAGES	\$ 92,565.50
HOMELESS SHELTERS	\$ 23,932.90
MEDICATIONS	\$ 8,806.99
ELECTRICITY	\$ 7,751.92

This is my 4th contribution to the annual Town report and, even though we experienced manpower gains and losses, for the fourth time in a row I have to report that we remain 1 full time police officer short of a full staff. Officer Nicholas Jowders joined our department in mid-November and became a full-time officer on January 1st. Nick came highly recommended to us with police experience as a part-time police officer in Wilton, NH. He moved quickly through our local training program and has proven to be a great addition and asset to our department. He is scheduled to attend the NH Police Academy in April of this year. Our recruitment efforts continue. With luck and perseverance I hope that next year I will be reporting that we are whole, at last.

In 2009 Crossing Guard David O'Neil left our ranks as our most senior crossing guard. David joins the ranks of those having earned a well-deserved rest after having provided protection and guidance to hundreds of school children on their way to and from school. David began as a crossing guard with our department in December of 1992. I want to thank him for his many years of service to our community.

Manpower shortages aside, I remain pleased with the caliber and professionalism displayed by our officers and staff as we strive to provide high quality public safety services to this community.

I remain interested in your thoughts on how we do our job and how we might better serve the law enforcement needs of this community. Feel free to stop in the station, call or email me at oswaltw@townofjaffrey.com.

Cemeteries/Parks and Commons Division: In 2009, the Town performed 9 full-body and 17 cremation burials. The staff assisted and participated with the Cemetery Committee by attending regular meetings, work sessions and the annual cleanup. Staff also assisted the Committee with continuing work on the Cutter Cemetery expansion and assisted with the rehabilitation of the Conant Cemetery fence. Annual cemetery cleanup day was performed in November. Materials that do not comply with the regulations were removed from gravesites in preparation for winter. The Town continued contracting out landscaping maintenance activities to a private contractor. As a reminder to those who have loved ones buried in the cemeteries, artificial flowers are not permitted. These arrangements get entangled in the landscaping equipment and are a serious hazard to the workers.

Highway Division: The Highway Department repaved several roads including Beth Circle, Davidson Road, Evergreen Lane, Parent Street, St. Jean Street, Sara Drive, Sherwood Lane and Sky Line Drive. A section of Peabody Hill was repaired with a recycled pavement product as a trial for use on other gravel roads. This treatment will be monitored and evaluated over several seasons for possible incorporation as an additional maintenance strategy for gravel roadways. New Hampshire DOT paved North Street (Route 137) from Goodnow Street to the town line. On these streets including North Street, crews adjusted town maintained sewer manholes and water valve boxes. Work continued throughout much of the year cleaning up fallen trees, branches and brush resulting from the December 2008 ice storm. The Department also responded to washouts from an August storm event impacting several roadways with Harkness and Proctor Roads most adversely affected. In addition to the above projects, the Highway Crews performed winter and summer (seasonal) maintenance on over 64 miles of Town roads (including 20 miles of gravel road). The highway crew assisted other Departments throughout the year including the Water, Sewer, Recreation, Fire and Police. The Mechanic with assistance from Highway staff, maintained and kept operational the Town's vehicles and in addition to maintaining highway vehicles, over 230 hours of labor was expended maintaining Fire, Police, Water, Sewer, and Recreation Department vehicles and equipment. The Highway Division

also took delivery of a new one-ton truck with plow that was approved at the 2008 Town Meeting.

Wastewater Division: In 2009, the wastewater treatment plant processed approximately 209,148,000 gallons (average 573,008 gallons per day) of wastewater in 2009. United Water of Auburn, NH is in the fifth year of contract operations of the sewer facilities including the wastewater treatment plant, Hadley Road head works, 5 pump stations and 15 miles of collection sewer. As part of their normal operations, United Water completed cleaning of approximately 6,000 linear feet of collection sewer and repaired 16 manholes during 2009. The sewer cleaning program is part of a preventive maintenance program begun in 2004 addressing the sanitary sewer collection system, manholes and pump stations. During 2009, there were 6 callouts for sewer related problems (blockages or overflows).

The Town completed construction of an advanced wastewater treatment plant to comply with an Administrative Order originally issued by EPA in 2004 and amended in February 2006 requiring the town to comply with stringent effluent standards and more restrictive NPDES permit limits. Penta Corporation began work in June 2007 and construction was substantially complete with treatment plant operations beginning in April. The town also received a final NPDES permit that, as expected, contained more stringent permit limits which the treatment plant is fully capable of meeting with exception of a seasonal (summer) phosphorus limit which requires filtration. With the emergence of Federal funds from the American Recovery and Reinvestment Act (ARRA) also known as stimulus funds, Jaffrey applied for and received 50% grant funding towards a project consisting of a filtration system and pellet boiler. This led to a Special Town Meeting in November and the town voted to fund the project and accept the funds. The project had been awarded to Weston & Sampson Construction and construction is expected to begin in 2010 and be completed in 2011.

One of the immediate advantages of the new wastewater treatment plant is the capability to accept septage from local residents year round. The Board of Selectmen adopted a new Septage Policy and set reduced rates for Jaffrey

residents. Total septage received in 2009 was 245,229 gallons (equivalent to about 245 - 1,000 gallon septic tanks).

Water Division: In 2009, the Department produced 146,750,920 gallons (average 402,057 gallons per day) from two groundwater wells and provided potable drinking water and fire protection to approximately 1,530 accounts in Jaffrey and Rindge. The Department responded to four (4) water main breaks. Hydrant maintenance continued with the repair of 20 hydrants. Hydrants were flushed twice during the year (spring and fall). One hundred and fifty-three (153) residential and commercial water meters and/or radio read units were replaced and an additional twenty-six (26) new meters were installed.

In August, we were required to issue a boil order for 2 days as a result a positive bacteria test in the Jaffrey Center part of town. This unfortunate incident created significant inconvenience to our customers, and for that we apologize. We have implemented changes in the methods and location where we disinfect our water to insure that the water we provide to our customers meets all requirements. This incident and the terrible December 2008 ice storm demonstrated the need for the Town to effectively communicate with our residents in an emergency. In late 2009, the town contracted with CODE RED, an emergency communication system. We encourage all residents to visit the town website and register their phone numbers to contact in the event of another emergency.

In 2009, engineering design was completed, bids received and a construction contract awarded to Park Construction to upgrade the existing water transmission line from Bullet tank and existing water mains on Cathedral and Prescott Roads. This project was also approved for ARRA grant funding in the amount of 50%. Construction will occur during 2010.

Engineering design including field survey and borings was begun for extending water to Old Sharon Road (TIF).

In 2009, a final permit application was completed and submitted to the New Hampshire Department of Environmental Services for a large groundwater

withdrawal at the new Squantum Well. A permit will be issued allowing groundwater withdrawal up to 250 gallons per minute. Engineering design has already begun for construction of a well house and treatment consisting of disinfection, pH adjustment and corrosion control and construction could begin in 2010. It is possible that this project may qualify for ARRA funding which could contribute up to 50% of the engineering design and construction costs.

Engineering Division: In 2009, the engineering division provided assistance to all Department of Public Works functions as well as other town departments and committees. A majority of 2009, was spent coordinating completion and start-up of the new advanced wastewater treatment plant. The town also received a final NPDES discharge permit and filed an appeal with EPA and DES contesting certain conditions and parameters. The division also oversees the wastewater industrial pretreatment program which was also audited by DES and received a favorable report and assisted with implementation of a new septage program. With the availability of new funding of up to 50% (American Recovery and Reinvestment Act also known as ARRA) for water and wastewater projects, grant applications were submitted and approved for wastewater filtration and installation of a pellet boiler at the new treatment plant and replacement of the water transmission line from the Bullet Tank and Cathedral and Prescott Roads. The division also coordinated final permitting activities for the large groundwater withdrawal permit required from DES for development of the new municipal well on Squantum Road and initiated design of the new well house. Design was also commenced for extending water to Old Sharon Road as a result of approval at the 2009 Town Meeting. The Source Water Protection Plan was updated and the division continued to work with the DES Dam Bureau on dam inspections and updating of operations and maintenance and emergency operations plans. Support was provided to the Planning Board as needed by reviewing site and subdivision plans, inspecting development projects, preparing bond recommendations for projects incorporating public improvements and approving as-built plans. Support was also provided to the Energy Committee and a grant obtained for energy audits of all town buildings. Finally the division oversaw asbestos and hazardous material removal and disposal, and the demolition of the

Elite Laundry buildings and is now assisting in the efforts to clean up the site under a Brownfields grant.

Solid Waste/Transfer/Recycling Division: Material received and processed at the Transfer Station in 2009 included the following approximate amounts: 922 tons compactor waste, 672 tons bulky waste including construction and demolition debris, 196 tons recycled material (plastics, paper, corrugated), and 148 tons light iron, 10 tons of aluminum, 256 televisions, 121 computer monitors and 49 microwaves, 2 trailer loads of tires, 27 propane tanks, 1.13 tons of batteries, and 131 Freon containing items.

The Department continues to address operational and environmental recommendations presented by the Board of Selectmen's citizen advisory committee in 2004. Plans to cover and improve the bulky waste drop off area and replace and insulate the transfer station roof are incorporated in the Town's Capital Improvement Plan. A 2008 report from DES indicated that Jaffrey's recycling rate of 29.30% was better than the statewide average of 21.30%.

The staff continues to check for valid "dump" stickers and remind all that stickers can be obtained at both the Town Clerk's office and at the Transfer Station with a proof of residency. Seasonal stickers can be obtained at the DPW office.

We continue to process commodities through the NRRA, which competitively bids commodities and insures the best prices for their members. Throughout this year, we have seen the prices received for recyclables remain dismal. We are attempting to stockpile some recyclables until the market improves as we are able to receive more favorable pricing if full loads of the same commodity are sent to the vendor. Revenue received from the sale of these commodities totaled \$20,953 in 2009. Following is a summary of the materials processed at the Transfer Station last year:

This past year, the department responded to the economic downturn in a number of ways. It became our goal to hold all program cost to 2008 levels and if at all possible, to lower these costs for 2009. I am happy to report that we did indeed meet this goal.

The most visible example was our summer A.I.M.(Adventures in Movement) Program for elementary age children. Not only did we lower the participation costs, but we offered a new three-day program and alternative care if participants did not go on our field trips. As a result of these changes, our A.I.M. Program increased by almost 100 children! The cost of our Mini's Summer Program was also reduced and resulted in a 30% increase in participation.

The Senior Coffee Club was sponsored by the department along with the Jaffrey Civic Center. The group, in the second year, met for 31 Wednesdays during 2009 with 746 seniors meeting to share stories, light refreshments, and coffee. This program is supported by donations only.

Another free activity offered by the department is our Winter Ice Rink. Our outdoor rink, one of the few in the area, was operational from January 17-February 8 and welcomed over 460 skaters and their families. The facility was staffed with a warming hut and concession area.

And of course during the summer our town beach, bath house, and concession at Lake Contoocook provided a welcome location to enjoy the beautiful weather in a safe environment. Thorndike Pond also was a popular place to visit. Both beaches provide lifeguards during posted hours and are available free of charge.

Working with volunteers, the Community Field continues to take shape. The concession and press box are almost complete and should be finished in time for the first pitch this summer.

Our department is not immune to the economic downturn, as our budget has been reduced by a substantial amount for the upcoming year. We

accept this necessity and challenge to explore new ways of providing services to our residents.

As we all face challenges in the coming year, the Parks and Recreation Department is committed to providing cost effective programs and activities that will continue to make Jaffrey a special town in the Monadnock Region.

Our partnership with the Town of Peterborough with regard to the Regional Prosecutor's Office continued to be a successful and effective operation throughout 2009. Actual statistics have shown a slight increase in activity over 2008 for the Town of Jaffrey while Peterborough showed a slight decline in overall open cases.

In addition to our prosecutorial function, our office continues to participate in the Con-Val High School Student Intern Program. Throughout 2009 we had several different students work with us in our office which was a rewarding experience for us and hopefully for the students as well.

Despite unstable economic conditions, recent increases in fraudulent activities have leveled off in our communities however drug and alcohol related offenses remain as the most prevalent types of cases that we prosecute. Furthermore, in the first half of the year we experienced a high rate of theft of precious and semi-precious metals such as copper due to market prices for scrap metals

In all areas of offenses we have had over \$20,000.00 in restitution ordered to be paid to victims through the Court, Department of Corrections or through our office. Additionally, in most cases where a defendant fails to appear and officers appear at court, witness fees are generally assessed and paid to the respective town's general fund.

Our office also receives a limited amount of income through the collection of discovery fees. In 2009 our total income was \$ 1,325.00

The statistical breakdown is as follows and includes cases open, pending, or closed out in 2009:

JAFFREY	2005	2006	2007	2008	2009

Incorporated: 1773

Origin: In 1749 this territory was chartered as Monadnock Number 2, sometimes called Middle Monadnock or Middletown. It was one of the first towns established under the New Hampshire proprietors' purchase of undivided lands under the Masonian claim. The grant was renewed in 1767, and the town incorporated in 1773 as Jaffrey, in honor of George Jaffrey, member of a prominent Portsmouth family. Both his father and son were named George, and all three served as treasurer of the province. George Senior held the position when the state was still under Massachusetts rule. George III also served as proprietors' clerk, and was a life trustee of Dartmouth College, providing the design for the official college seal.

Villages and Place Names: Hadley, Jaffrey Center, Squantum

Population, Year of the First Census Taken: 1,235 residents in 1790

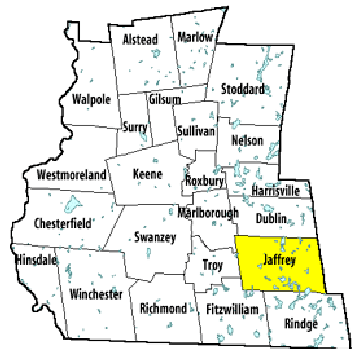

Population Trends: Population change for Jaffrey totaled 2,576 over 50 years, from 2,911 in 1950 to 5,487 in 2000.

The largest decennial percent change was a 30 percent increase between 1970 and 1980, followed by a 24 percent increase over the next decade. The 2008 Census estimate for Jaffrey was 5,666 residents, which ranked 58th among New Hampshire's incorporated cities and towns.
