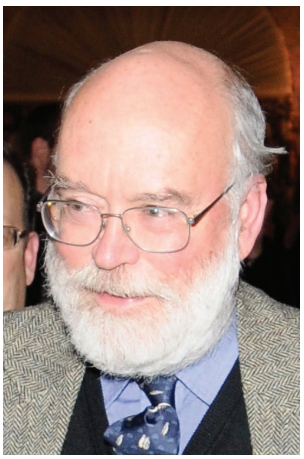
2020 Annual Report

TOWN OF

Jaffrey

NEW HAMPSHIRE

Dedication



Rob Stephenson

The Board of Selectman are dedicating this year's Town Report to Rob Stephenson in recognition of his contributions to the Town of Jaffrey by preserving and recording the history of Jaffrey.

Rob is an historian and we are truly fortunate that he has applied this ability to Jaffrey and the Monadnock Region. These are scholarly labors of love; love for this community and its history, done not for any gain other than ours, but for the preservation of our past.

The committees and organizations he has served on number more than 20 including: the Jaffrey Historical Society, the Cemetery Committee, the Chamber of Commerce, the Memorial Park Committee, the Bandstand Restoration Committee, Cutler Memorial Restoration Committee, the Park Theatre, TEAM Jaffrey, Monadnock Perspectives, Monadnock Crossroads, Monadnock Conservancy, Terra Nova trust, the Energy Committee, Trustee of the Trust Funds and on and on! And of course the Jaffrey Meetinghouse. Through his tireless efforts to procure grants, donations and funding, Rob has been the driving force behind the rehabilitation and continued maintenance of the Jaffrey Meetinghouse.

Thank you, Rob, for your many contributions to Jaffrey.

He along with a few others feel that we should be able to vote on one day with one ballot and to have a deliberative session. There are many voters that may work on a Saturday, have plans, be gone for the winter which having Town Meeting makes it difficult for them to be there. Art. 39. In celebration of the 50th anniversary of Earth Day, we, the Citizens of Jaffrey, home of Mount Monadnock and historic center of manufacturing and technology, set forward this vision for our town: That we will protect our natural environment, prioritizing the health of its soil, water, and air, and, in doing so, insuring the well-being of the plan, animal and human communities. That we will assert and protect our inalienable democratic and environmental rights. That we will build upon our history of innovation by welcoming technologies and manufacturing that will transform Jaffrey into a 100% renewable, zero-waste community, a model of economic health. Earth Day was established on April 22, 1970 to awaken us to the ever-accumulating impact of civilization upon the natural world. Today Jaffrey commits to investment in changes made necessary by our long dependence upon improvident technologies. Jaffrey's active fostering of a healthy and vibrant economy through the promotion of sound environmental practices and safer technologies will allow us to face our future with hope. Art. 40. We the Town of Jaffrey hereby call upon our State and Federal elected representatives to enact carbon-pricing legislation to protect New Hampshire from the costs and environmental risks of continued climate inaction. To protect households, we support a Carbon Free and Dividend approach that charges fossil fuel producers for their carbon pollution and rebates the money collected to all residents on an equal basis. Enacting a Carbon Cash-Back program decreases long-term fossil-fuel dependence, aids in the economic transition for energy consumers, and keeps local energy dollars in New Hampshire's economy. Carbon Cash-Back has been championed by the US economists (Jan 17, 2019 WSJ) as the most effective and fair way to deliver rapid reductions in harmful carbon emissions at the scale required for our safety. We expect our representatives to lead in this critical moment for the health and well-being of our citizens and for the protection of New Hampshire's natural resources upon which we all rely. The record of the vote approving this article shall be transmitted by written notice to our town's State Legislators, to the Governor of New Hampshire, to our town's Congressional Delegation, and to the President of the United States, informing them of the instructions from their constituents, by our town's Select Board, within 30 days of this vote. (Submitted by petition).

In 2020, we received a $1,000,000 loan to conduct road paving and reconstruction. Due to our late Town Meeting and the bond counsel and loan closing process, we were only able to conduct light paving operations at season's end. We currently have $700,000 available for paving in 2021 from the loan. Combined with $300,000 from the capital reserve fund, we would be able to conduct $1M in paving work this year and $650,000 annually for the next nine years through the capital reserve fund.

LAYMAN'S WARRANT

Cost of repairs to date are $51,679 and current mileage is 84,953 (as of 1/29/2021). All funds come from the Capital Reserve Fund and have no direct impact on the tax rate. The trailer mounted, diesel powered air compressor is used to run jack hammers and other pneumatic equipment and is slated for replacement in the Capital Improvement Plan. Art. 17. To see if the Town will raise and appropriate $60,000 (Sixty Thousand Dollars) to be deposited into the Fire Department Capital Reserve Fund established in 1996 for the purpose of purchasing new or refurbishing existing firefighting and/or rescue equipment. *Recommended by the Select Board (3-0) and Budget Committee (6-0).*

LAYMAN'S LANGUAGE: This article will place $60,000 into the Fire Department Capital Reserve Fund for future equipment replacement. The balance of the account as of 12/31/2020 was $377,284.

LAYMAN'S WARRANT

Art. 18. To see if the Town will vote to raise and appropriate the sum of $60,000 (Sixty Thousand Dollars) to be deposited into the TIF District Capital Reserve Fund established in 2017 for the purpose of funding infrastructure enhancements to the Downtown area. Funds are to come from the Downtown Tax Increment Finance District. *Recommended by the Select Board (3-0) and Budget Committee (6-0).*

LAYMAN'S LANGUAGE: This article will place $60,000 into the TIF District Capital Reserve Fund to fund future infrastructure enhancements in the Downtown area. All funds will come from the TIF District and have no impact on the tax rate. The balance of the account as of 12/31/2020 was $164,429.

Art. 20. To see if the Town will vote to raise and appropriate the sum of $5,000 (Five Thousand Dollars) to be deposited into the Cemetery Trees Trust Fund established in 2007. *Recommended by the Select Board (3-0) and Budget Committee (6-0).*

LAYMAN'S LANGUAGE: The Cemetery Trees Trust Fund was established in 2007 to set aside funds for the care and removal of trees in the Town's cemeteries. A separate private fund has been established for the same purpose. Older trees are of concern as falling branches can cause expensive and sometimes irreparable damage to historic gravestones. As of 12/31/2020, the balance of the Town fund was $2,763, and the private fund was $40. The private and public funds are accounted for separately by the Trustees of the Trust Funds.

Art. 23. To see if the Town will vote to raise and appropriate the sum of $150,000 dollars (One Hundred Fifty Thousand Dollars) to be deposited into the Municipal Building Maintenance Capital Reserve Fund established in 2010 pursuant to RSA 35:1. *Recommended by the Select Board (3-0) and Budget Committee (6-0).*

LAYMAN'S LANGUAGE: This article will place $150,000 into the Municipal Building Maintenance Capital Reserve Fund for major maintenance of municipal buildings. The balance of the account as of 12/31/2020 was $279,211. $1,000 was placed in the fund in 2017 and 2018, $200,000 in 2019 and $50,000 in 2020. 2021 projects include completion of the dehumidification system at the Fire Station, replacement of the retaining wall at Humiston Field and upgrades to the Town Office and Police Station HVAC systems.

Art. 24. The balance of the account as of 12/31/2020 was $235,671. The Capital Improvements Plan identified $120,000 as sustainable funding for future bridge maintenance. The Town's red list bridge on Nutting Road is currently under design with construction scheduled for 2021. Nutting Road Bridge is approved under the NHDOT Municipal Bridge Replacement Program and is eligible for 80% reimbursement funding. Additionally, emergency repairs must be conducted in 2021 on the Letourneau Drive stream crossing culverts.

Art. 25. To see if the Town will vote to raise and appropriate the sum of $50,000 (Fifty Thousand Dollars) to be deposited into the Police Cruiser Replacement Capital Reserve Fund established in 2019 pursuant to RSA 35:1. *Recommended by the Select Board (3-0) and Budget Committee (6-0).*

LAYMAN'S LANGUAGE: This article will place $50,000 into the Police Cruiser Replacement Capital Reserve Fund. Fifty thousand dollars on an annual basis funds the replacement of police cruisers two out of every three years. The typical life span of a police cruiser is five years due to their intensive use and extensive idling hours. No cruisers are slated for replacement in 2021. The balance of the account as of 12/31/2020 was $52,468.

Art. 26. To see if the Town will vote to raise and appropriate the sum of $7,500 (Seven Thousand Five Hundred Dollars) to be deposited into the Jaffrey 250th Celebration Reserve Fund, established in 2020 for the purpose of funding the Jaffrey 250th Celebration. *Recommended by the Select Board (3-0) and Budget Committee (6-0).*

Art. 27. To see if the Town will vote to establish a capital reserve fund under RSA 35 for the purpose of purchasing new or refurbishing existing recreation vehicles and equipment, and to raise and appropriate the sum of $25,000 (Twenty-Five Thousand Dollars) to be deposited into this fund (to be known as the Recreation Equipment Capital Reserve Fund), and to designate the Select Board as agent to expend. *Recommended by the Select Board (3-0) and Budget Committee (6-0).*

LAYMAN'S LANGUAGE: This article creates a capital reserve fund, initially funded at $25,000, to replace Recreation Department vehicles and equipment. The department's 2009 Ford Econoline 350 has 82,910 miles and leaks water through the roof, has damage to interior surfaces and rust damage on exterior surfaces. The vehicle will likely not pass inspection when it is due for renewal in September 2021. This is the first part of funding with the intention of seeking similar funding for the capital reserve fund in 2022 and purchase a new vehicle later that year.

Art. 28. To see if the Town will vote to establish an expendable trust fund under RSA 31:19-a for the purpose of funding retirement leave buyouts, and to raise and appropriate the sum of $10,000 (Ten Thousand Dollars) to be deposited into this fund (to be known as the Retirement Buyout Expendable Trust Fund), and to designate the Select Board as agent to expend. *Recommended by the Select Board (3-0) and Budget Committee (6-0).*

LAYMAN'S LANGUAGE: Following the 2020 budget process that funded retirement buyouts for six people (nearly $150,000), it was clear we needed an expendable trust fund to ease the burden of funding retirements. There are four employees within five years of retirement eligibility, with a liability of $45,000. Establishing a retirement buyout fund and funding at $10,000 annually would eliminate the direct tax burden associated with buyouts due to their impact on the operational budget.

LAYMAN'S WARRANT

Art. 29. To see if the Town will vote to amend the exemption amounts for elderly, disabled and blind exemptions to the following amounts to be effective April 1, 2021.

Exemptions	Current	Proposed
Elderly (Age 65-74)	$40,000	$55,000
Elderly (Age 75-79)	$60,000	$75,000
Elderly (Age 80+)	$75,000	$90,000
Disabled	$60,000	$75,000
Blind	$30,000	$45,000

Recommended by the Select Board (3-0).

LAYMAN'S LANGUAGE: Due to the 2020 revaluation, property values increased 26% on average. The increase in value diminishes the effectiveness of the exemption if not adjusted. The median increased tax burden on our exemption holders after revaluation is $430. The property assessment value of a $430 tax burden is $15,000. Therefore, increasing the exemption amounts by $15,000 brings the effectiveness of the exemption back in line with pre-revaluation values.

Art. 30. To see if the Town will vote to reclassify Class VI Carey Road to a Class B trail, from 150 (One Hundred Fifty) feet from the edge of pavement on Carey Road westerly to the Contoocook River. *Recommended by the Select Board (3-0).*

LAYMAN'S LANGUAGE: Carey Road is a Class VI road from the edge of pavement at the trail head, through Children's Woods and Carey Park to the Contoocook River. The Conservation Commission unanimously voted to request the road be reclassified from a point below the sewer easement to the Contoocook River to protect the wetlands in the park from environmental degradation caused by motorized vehicles. As a Class B trail, Carey Road remains open to public access for Children's Woods and Carey Park's aesthetic cultural and recreational uses.

Art. 31. To see if the Town will vote to reclassify Class VI Sherwin Hill Road to a Class A trail, from Squantum Road southwesterly to the Rindge town line. *Recommended by the Select Board (3-0).*

LAYMAN'S LANGUAGE: Sherwin Hill is a Class VI road from Squantum Road to the Rindge town line, abutting the Squantum Well Field. The town's contract engineers expressed concerns that the Class VI road next to the well has no gates, was rutted-up by trucks, and the ruts had stopped the flow of water from one side of the road to the wetlands surrounding the well. In order to stop off-road vehicles from destroying the road, disrupting the natural water flow between the wetland areas, and to keep vehicles out of

the wellfield, it is proposed that we install two gates on the road, and install two gates to the well field. The Conservation Commission unanimously supports the request to convert Sherwin Hill Road to a Class A trail. With a Class A trail, abutting owners may use the trail for vehicular access for forestry, agriculture and access to existing buildings.

INDEFINITE DELEGATION OF AUTHORITY

INDEFINITE DELEGATION OF AUTHORITY BY THE TOWN TO THE BOARD OF SELECTMEN AND THE LIBRARY TRUSTEES

Prior to 1999, a number of articles appeared on the Town Warrant each year delegating specific powers to the Board of Selectmen and the Library Trustees. These articles are usually referred to as "boilerplate articles." During the 1999 annual meeting, Jaffrey's citizens voted (Articles 32-38) to "authorize indefinitely, until specific recision of such authority" the Selectmen and the Library Trustees to undertake various actions and, therefore, to no longer include these articles on future Town Meeting Warrants. The Town of Jaffrey now has seven such warrant articles, which are listed below for your reference:

1) ACCEPTANCE OF GRANTS

   Shall the Town accept the provisions of New Hampshire *Revised Statutes Annotated (RSA) 31:95-b*, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific recision of such authority, the Selectmen to apply for, accept, and expend without further action by the Town Meeting, unanticipated money from federal, state, or other governmental agencies or a private source that becomes available during the year?

2) ACCEPTANCE OF GRANTS BY LIBRARIES

   Shall the Town accept the provisions of NH *RSA 202-A:4-c*, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific recision of such authority, the Library Trustees to apply for, accept, and expend without further action by the Town Meeting, unanticipated money from a federal, state, or other governmental unit or a private source that becomes available during the year?

3) TAX ANTICIPATION NOTES

   Shall the Town accept the provisions of NH *RSA 33:7*, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific recision of such authority, the Selectmen to issue tax anticipation notes?

4) ACCEPTANCE OF GIFTS, LEGACIES, AND DEVISES

   Shall the Town accept the provisions of NH *RSA 31:19*, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific recision of such authority, the Selectmen to accept on behalf of the Town gifts, legacies, and devises made to the Town in trust for any public purpose, as permitted by this statute?

5) ACCEPTANCE OF GIFTS OF PERSONAL PROPERTY

   Shall the Town adopt the provisions of NH *RSA 31:95-e*, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific recision of such authority, the Selectmen to accept gifts of personal property that may be offered to the Town for any public purpose? The Selectmen must hold a public hearing before accepting such a gift, and the acceptance shall not bind the Town to raise, appropriate, or expend any public funds for the operation, maintenance, repair, or replacement of such equipment.

INDEFINITE DELEGATION OF AUTHORITY BY THE TOWN TO THE BOARD OF SELECTMEN AND THE LIBRARY TRUSTEES

6) ACCEPTANCE OF GIFTS OF PERSONAL PROPERTY BY LIBRARIES

Shall the Town adopt the provisions of NH *RSA 202-A:4-d*, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific recision of such authority, the Library Trustees to accept gifts of personal property that may be offered to the Library for any purpose; provided, however, that no acceptance of personal property by the Library Trustees shall be deemed to bind the Town or the Library Trustees to raise, appropriate, or expend any public funds for the operation, maintenance, repair, or replacement of such personal property?

7) TRANSFER OF TAX LIENS AND SALE OF TAX DEED PROPERTY

Shall the Town adopt the provisions of NH *RSA 80:80*, providing that any town, during an annual meeting, may adopt an article authorizing indefinitely, until specific recision of such authority, the Selectmen to dispose of property acquired by Tax Deed by either conveying said property back to its original owner(s) for consideration equal to all associated unpaid property taxes, interest, and expenses, or to sell said property at public auction, or to otherwise dispose of property as justice may require?

INDEPENDENT AUDITORS' REPORT

To the Board of Selectmen
Town of Jaffrey, New Hampshire

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Jaffrey, New Hampshire, as of December 31, 2019, and for the year then ended, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

The Town's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant

accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Town of Jaffrey, New Hampshire, as of December 31, 2019, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general and sewer funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information
Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis and certain Pension and OPEB schedules be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

As management of the Town of Jaffrey, New Hampshire (the Town), we offer readers this narrative overview and analysis of the financial activities of the Town for the year ended December 31, 2019.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the basic financial statements. The basic financial statements comprise three components: (1) government-wide financial statements, (2) fund financial statements, and (3) notes to financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of our finances in a manner similar to a private-sector business.

The Statement of Net Position presents information on all assets, liabilities, and deferred outflows/inflows of resources with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position is improving or deteriorating.

The Statement of Activities presents information showing how the Town's net position changed during the most recent year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future periods (e.g., uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The governmental activities include general government, public safety, highways and streets, sanitation, health and welfare, culture and recreation, conservation, and economic development. The business-type activities include water activities.

Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. Fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements. All of the funds can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

An annual appropriated budget is adopted for the general fund. A budgetary comparison statement has been provided for the general fund to demonstrate compliance with this budget.

Proprietary Funds

Proprietary fund reporting focuses on the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. The proprietary fund category includes enterprise funds.

Enterprise funds are used to report activity for which a fee is charged to external users, and must be used when one of the following criteria are met: (1) activity is financed with debt that is secured solely by a pledge of the net revenues from fees and charges, (2) laws or regulations require the activity's costs of providing services be recovered with fees and charges, and (3) the pricing policies of the activity establish fees and charges designed to recover its costs, including capital costs such as depreciation or debt service. The primary focus on these criteria is on fees charged to external users. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements, only in more detail. Specifically, enterprise funds are used to account for the water operations, which is considered to be a major fund.

Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Town's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

Notes To Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information which is required to be disclosed by accounting principles generally accepted in the United States of America.

Total net position	$ 15,587	$ 14,086	$ 8,888	$ 8,919	$ 24,475	$ 23,005

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. At the close of the most recent fiscal year, total net position was $24,474,183, a change of $1,468,755 in comparison to the prior year.

The largest portion of net position $18,851,387 reflects our investment in capital assets (e.g., land, buildings, machinery, equipment, and infrastructure), less any related debt used to acquire those assets that is still outstanding. These capital assets are used to provide services to citizens; consequently, these assets are not available for future spending. Although the investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of net position $3,683,699 represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net position $1,939,097 may be used to meet the government's ongoing obligations to citizens and creditors.

Financial Analysis of Funds

As noted earlier, fund accounting is used to ensure and demonstrate compliance with finance-related legal requirements.

Governmental Funds

The focus of governmental funds is to provide information on near-term inflows, outflows, and balances of spendable resources. Such information is useful in assessing financing requirements. In particular, unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the year.

As of the end of the current year, governmental funds reported combined ending fund balances of $7,396,912, a change of $1,517,235 in comparison to the prior year. Key elements of this change are as follows:

General fund operating results	$	631,869
Major sewer fund operating results		(99,923)
Major capital project fund results		394,768
Major permanent trust fund results		323,645
Nonmajor fund results		266,876
Total	$	1,517,235

The general fund is the chief operating fund. At the end of the current year, unassigned fund balance of the general fund was $1,335,428, while total fund balance was $3,638,073. As a measure of the general fund's liquidity, it may be useful to compare both unassigned fund balance and total fund balance to total general fund expenditures. Refer to the table below.

General Fund	12/31/19	12/31/18	Change	% of Total General Fund Expenditures
Unassigned fund balance	$ 1,335,428	$ 1,513,913	$ (178,485)	19.6%
Total fund balance	$ 3,638,073	$ 3,006,204	$ 631,869	53.3%

The total fund balance of the general fund changed by $631,869 during the current year. Key factors in this change are as follows:

Revenues in excess of budget	$ 235,701
Expenditures less than budget	237,917
Other financing sources/uses less than budget	(205,574)
Use of fund balance as a funding source	(435,000)
Expenditures of current year encumbrances exceeding current prior encumbrances	221,729
Tax collections in excess compared to net levy	(25,512)
Change in capital reserve	636,670
Other	(34,062)
Total	$ 631,869

Included in the total general fund balance are the Town's capital reserve account(s) with the following balance(s):

	12/31/19	12/31/18	Change
Capital reserve	$ 1,757,416	$ 1,120,746	$ 636,670

General Fund Budgetary Highlights

There were no major differences between the original budget and the final amended budget.

REPORT OF THE TRUSTEES OF TRUST FUNDS

The three elected Trustees of Trust Funds, assisted by appointed Alternate Trustees, oversee and administer the many trust and capital reserve funds for the Town of Jaffrey. The funds are listed and described in the Trustees of Trust Funds section of the Town website. On December 31, 2020, market value of the three investment accounts was:

Account Name	**Market Value**

Town of Jaffrey, Other Funds (Expendable)	$ 785,796.00
Total	**$8,914,268.00**

Charter Trust Company, a division of Bar Harbor Bank & Trust of Bar Harbor, Maine, is retained by the Trustees to manage the investments of the various funds by executing buy and sell transactions according to the Town's Investment Policy and its outlook of the various markets and economies. Charter also prepares trust accounting and reports required by the Town of Jaffrey and the State of New Hampshire.

Normally the Trustees meet quarterly with representatives from Charter Trust. These meetings are generally held at Charter Trust's Peterborough office. These meetings are open to the public and notices are posted in advance according to State statute. This year due to Covid-19 we met in February at the Peterborough office but by phone the balance of the year.

The Trustees also meet frequently throughout the year to receive and disburse funds, respond to correspondence and transact other business. Again, Covid-19 kept that business to phones. Normal meetings are held at the Town Office on Wednesday at 4:00 pm. Open to the public and posted in advance.

During 2020 Gary Arceci resigned as Trustee and the Board of Selectmen appointed Bruce Edwards to complete his term. Many thanks to Gary for his years of service to the Town. Shari Fish was appointed Alternate Trustee.

Citizens are invited to consider creating new trusts for the benefit of the Town. More information may be found by visiting the Trustees of Trust Funds section of the Town website.

TOWN CLERK

WOW…2020 was some year! It started with losing my Deputy, Dawn Oswalt, who retired as the Tax Collector after 30 years and I miss her dearly. However, I am now lucky to have Chelsie Thibault work beside me, for she has filled the Tax Collector's position as well as the position for Deputy Town Clerk. She is wonderful to work with and I believe we will make a great team.

Shortly after the new year, a terrible pandemic occurred, Covid-19, which has put this world upside down, and here we are in 2021 still dealing with it. During the start of this pandemic, the Town was getting ready to hold its annual Town Meeting on the 2nd Saturday in March, which unfortunately was pushed out until June as a drive-in style, at Hope Fellowship Church. It was amazing to see our Town employees come together to make this happen, and it couldn't have worked out any better.

My biggest challenge during this pandemic was the General Election which was to be held in November. Since the pandemic was still going on, we needed to make sure that our voters would have a safe environment to vote. There was a lot of set up that took place at Pratt Auditorium, not only to make it safe for the voters, but we also had to follow the guidelines that were given by the State of NH. I feel we did a great job with this. Not only was that a challenge, but the absentee ballots as well. I have never processed so many absentee ballots in all 7 years that I have been Town Clerk, it was unbelievable. In 2016 for the General Election, I mailed out 271 absentee ballots and 262 were returned back to me, but, in 2020 I mailed out 880 with 849 absentee ballots being returned, never mind the great turnout we had for in person voters as well. I believe our voter turnout was close to 75%! Thank you voters for coming out to vote and following the CDC guidelines as well, it was much appreciated.

In closing, I would like to thank the Supervisors of the Checklist, Carolyn Garretson, Eunice Jadlocki, and Vicki Arceci, I truly couldn't have done it without them. Also, my Deputy, Chelsie Thibault, Town Manager Jon Frederick, our Town Moderator, Marc Tieger, my co-workers at the Town Office, the crew down at Dept. of Public Works, and most importantly, our Jaffrey residents whom volunteered their time to help in any way they could to make our election run smoothly. **THANK YOU!**

ANNUAL REPORT OF THE TOWN OF JAFFREY ALICE W. POOLE FUND

This past year the Alice Poole Committee made contributions to Santa's House, during the Christmas season, so Jaffrey's needy children could have a Merry Christmas

We continue to provide small birthday gifts to local residents living at the Jaffrey Rehabilitation & Nursing Center. We also help with the Activity Fund at the Center.

Many of the elderly Jaffrey citizens, in temporary need, were remembered with small gifts, usually in the form of gas cards and small checks as well as fuel assistance.

Gift certificates were purchased from Market Basket and Rite Aid and certificates for clothing were purchased from Wal-Mart. These certificates were distributed during the Holiday Season and at other times during the year, to those in need.

This past year because of COVID-19 and Shelter in Place orders, we increased our donations to the Jaffrey Food Pantry and Shelter from the Storm, in hopes of assisting as many people as possible.

Again this year, we did not sponsor children at the AIM summer camp offered by the Jaffrey Recreation Department, because it was discovered that these gifts could not be guaranteed of going to children of Jaffrey families as stipulated in Alice Poole's will.

As usual, The Alice Poole Fund Committee continues to spend all of the interest received from the Alice Poole Fund Trustees in accordance with the will of Alice Poole.

REPORTS
BOARDS, COMMISSIONS AND COMMITTEES

SELECTMEN'S REPORT

To say that the past year has been filled with challenges wouldn't begin to convey the extent of all the obstacles we faced. The COVID-19 virus pandemic completely disrupted many of our ordinary lives and routines. Businesses and retail stores closed or restricted the number of people allowed inside. The Town Office, in order to protect our staff, became available to citizens by appointment only. Most Board meetings, including the Board of Selectmen, Planning Board and almost all others had to be held by electronic means (we've all gotten well practiced in virtual meetings). The Town Manager and all department heads are to be congratulated for keeping the Town functioning.

March Town Meeting had to be postponed until we could devise a plan that would allow townspeople to meet safely while conducting our business. Finally we were able to hold Town Meeting on June 6. A thank you goes out to the Hope Fellowship Church for allowing us to use their parking lot as the site for a "drive-in" style meeting. Attendance was even better than the past several indoor meetings, a testament to our townspeople's fortitude.

We passed a budget as well as all the usual warrant articles. Of special note was the adoption of two articles asking for bonding authority. The first, to fund the purchase, with the Town of Peterborough, of the three water wells collectively known as Cold Stone Springs. Adding these wells will give the Town the ability to ensure that we have sufficient water to supply good clean water to all individual homes and to provide for expansion of business and manufacturing. As part of the article the Select Board required that a major part of the funding was to come from grants, we are happy to report that that goal has been reached and we are prepared to go forward with the project.

We also, in the second article, requested bonding authority to fund a program to catch up on maintaining the Town's roads and streets. The Town has fallen well behind in this area and we need to desperately ramp up our financial resources in this area. The one million dollar bond will set us up to make necessary repairs and replacements over the next year.

September, March and November elections were held with heightened attention to insuring that the safety of poll workers and voters, while still maintaining access to everyone that wished to vote in person. Record numbers of voters and new registrants made the effort to cast their ballots in the November election.

Recounting the past year would not be complete without giving Chief David Chamberlain and the on-call members of the Fire Department a mention of his and their response to a major fire at the W. W. Cross site. What could have been a major ecological and physical disaster was contained. Also special thanks to all the many Fire Departments from other Towns who came to our assistance was and is greatly appreciated.

The Select Board and the entire Town staff are optimistically looking forward to a much-improved new year. May our lives all return to normal in the coming year

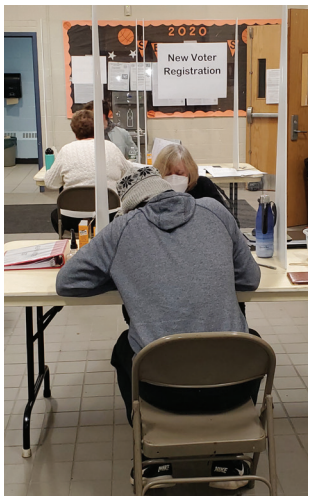
Respectively submitted;
Franklin W. Sterling, Jr. Chair, John E. Belletete & Kevin Chamberlain

REPORT OF THE MODERATOR

What a year it was in many respects, including our election process. I think it is fair to say that the Corona virus has affected each of our lives, some far worse than others in many different ways. There were four elections in 2020: Town Elections, State Primary Elections, Federal Primary Elections, and the General Election. You will remember that Jaffrey experienced its first, but probably not the last, "drive-in Town Meeting" which was held in the parking lot of Hope Fellowship on Prescott Road. What could have been a very confusing situation was a real success. Many people voiced the same opinion.

The amount of planning down to the last minute detail was considerable. Thank you to everyone involved in the process and especially to our Town Manager, Jon Frederick. He was sailing in uncharted waters and he steered the ship admirably. Carolyn Garretson, the chairman of our Supervisors of the Checklist, and her crew were right there with him as was our extremely competent Town Clerk, Kelly Langevin Rollins. The support from the Selectmen was unwavering. So many others helped: The Jaffrey Fire Department under the leadership of Chief David Chamberlain; Todd Croteau and the DPW; Todd Muilenberg and the Jaffrey Police Department; all of our volunteers and staff; my Assistant Moderator, Bernie Hampsey, and everyone else who pitched in. This "event" could not have taken place without the support and cooperation of Pastor Jordan Moody and the good folks of Hope Fellowship. They are great neighbors and we thank them. Nobody knows for certain what our election processes and Town Meetings will be like in the future. What you, the voters and citizens of Jaffrey can depend on, is that all of the elected and appointed officials will continue to conduct the election process in the best possible manner. The people of Jaffrey deserve nothing less.

Respectfully submitted,
Marc P. Tieger, Moderator
Town of Jaffrey



REPORT OF THE CEMETERY COMMITTEE

THE CEMETERY COMMITTEE was established in 1991 to advise the Town on the operation, maintenance and preservation of Jaffrey's public cemeteries: Conant, Old Burying Ground, Cutter, Cutter Extension and Phillips-Heil (also the inactive cemeteries, Village and Smallpox). It is composed of representatives of the American Legion and Veterans of Foreign Wars, Historical Society, Cournoyer Funeral Home, Board of Selectmen and up to five appointed Members-at-Large. Todd Croteau, Superintendent of Highways & Facilities, assists the Committee in its work. The Resolution establishing the Committee and the *Cemetery Rules and Regulations* are on the Town's website: http://townofjaffrey.com/cemetery

During 2020 the Committee met eight times with Town staff to discuss operation, budget and maintenance issues, or to undertake inspections. Each cemetery is visited by the Committee at least once a year. A designated member of the Committee oversees each cemetery. This oversight involves inspecting the cemetery from time-to-time and reporting on conditions and problems at Committee meetings. Members of the Committee also participated in a work session to clean and straighten headstones in the Old Burying Ground. The Annual Meeting with the Superintendent of Highways & Facilities and the Town Manager is held each year in October.

Katsura Landscaping continues to do an excellent job of grass cutting, cleanup and grounds maintenance at all the cemeteries. (It appears that it will not be bidding on the next contract which the Committee regrets.) Some landscape improvements are planned for Conant in 2021 which will be paid for from the Bradley Trust Fund and will be undertaken by Aaron Abitz of Katsura Landscaping. Aaron will also be planting this spring five maples along the northern boundary of Cutter Extension to correspond with those planted earlier along the southern boundary. The entrance drive to Conant Cemetery was repaved in 2020. Numerous headstone fragments, mostly indecipherable, were transferred to the Town Tomb at Conant. Many of these were from Village Cemetery. They have all been photographed and may be seen at https://rs41.smugmug.com/Cemeteries/Headstone-Fragments-in-Town-Tomb

A Cemetery Trees Trust Fund was established at the 2007 Town Meeting. The balance of this fund at the start of the year was $1,227.83. At last year's Town Meeting, $3,000 was added to the fund. Expenditures from the fund totaled $1,480, $980 paid to Andy Jenks (Windblown Tree & Tractor) for extensive tree pruning and removal in Phillips-Heil Cemetery and $500 paid to Potter Tree Care for

similar work in the Old Burying Ground. (An additional $700 was paid to Potter Tree Care from the Willa Cather Trust Fund for work in the "Cather Quadrant" of the Old Burying Ground.) Income, Fees and Gains/Losses totaled $15.70. At the end of the year the balance of the Cemetery Trees Trust Fund was $2,763.53. The Committee, at its October annual meeting, recommended to the Selectmen that the Cemetery Trees Trust Fund warrant article at Town Meeting be increased to $5,000.

A Gravestone Restoration Trust Fund was established at the 2000 Town Meeting to support the repair and maintenance of damaged or vandalized gravestones. The balance of this fund at the start of the year was $7,557.66. At last year's Town Meeting, $1,000 was added to the fund. Income, Fees and Gains/Losses totaled $58.78. At the end of the year the balance of the Gravestone Restoration Trust Fund was $8,616.44. There were no disbursements from the fund in 2020. Minor gravestone repairs, cleaning and stone straightening were done by volunteers, mainly in The Old Burying Ground and Village Cemetery. Gravestone Services of New England has been retained to do gravestone restoration work in Village Cemetery in 2021. The Committee, at its October annual meeting, recommended to the Selectmen that the Gravestone Restoration Trust Fund warrant article at Town Meeting remain at its present $1,000.

In recent years, the Committee has co-sponsored with the Jaffrey Historical Society walking tours of Conant, Phillips-Heil and Village Cemeteries and the Old Burying Ground. The gravesites of various prominent Jaffrey citizens were visited on these well-attended guided tours (hand-out guides are available at http://www.rs41.org/jhs/tours.htm). A similar tour of Cutter Cemetery is being planned for 2021.

The Jaffrey Department of Public Works maintains a Cemetery Database which can be found at http://www.townofjaffrey.com/cemetery/pages/cemetery-inventories

Residents and lot owners are reminded that the Town's Cemetery Rules & Regulations and A Guide to the Public Cemeteries of Jaffrey are available from the Department of Public Works and on the Town website: https://www.townofjaffrey.com/cemetery The Cemetery Committee has a page on the site under Boards & Committees.

The Committee thanks those volunteers, particularly Jeannelle Moore, who have shown an interest in Jaffrey's cemeteries by devoting their time and attention to their care and maintenance over the past year. We welcome as a new member Steve Regeimbal who will serve as the American Legion representative on the Committee. And we are saddened at the passing of long-time Member-at-Large and Phillips-Heil Cemetery Overseer, Bill Driscoll. We will miss his participation and commentary.

CONSERVATION COMMISSION

The Conservation Commission was established in accordance with Revised Statutes Annotated (RSA) 36-A for the proper use and protection of Jaffrey's natural resources and watersheds. The Commission provides a focal point within the town and its government for environmental concerns. The Commission may advise the Planning Board and other local bodies on conservation matters. The Commission may act more directly to protect natural resources by acquiring land, either outright or through easements, with the approval of the Selectmen. The Commission also manages designated town forests.

The Conservation Commission holds regular meetings, open to the public, on the third Wednesday of the month at 7 p.m. As a result of the global pandemic in 2020, no meeting was held in April 2020 and every successive meeting was held on Zoom per the Covid-19 allowance. Meeting minutes completed by our capable scribe Elizabeth Webster are posted on the Town's website and in the Town Offices. The Conservation Commission's section of the Town's website also contains information about the Town's conservation areas and a copy of the Natural Resources Inventory including detailed maps of resources within the Town of Jaffrey.

Numerous projects were planned and approved during 2020 with Conservation Commission members actively attending meetings of the ZBA and the Planning Board. The Commission reviewed DES applications, inventoried conservation lands in Jaffrey and attended site visits with the ZBA and Planning Board. Site visits were made to Cheshire Pond Conservation Area, Children's Woods and Carey Park for trail development and restoration. Other activities included a cooperative relationship between the Conservation Commission and the Newfoundland Pony Sanctuary, continued efforts to support conservation easements, planning educational programs for the public and continued monitoring of easement properties. Our activities are detailed below:

- Cheshire Pond Conservation Area (CPCA): Materials required for the new trails was calculated but work was postponed because of the global pandemic. Trail marking was improved by Bill Graf with some assistance from Fran McBride & Carolyn Garretson. The new trails will include bog bridges and raised boardwalks. Additional bars were installed on gate at the Letourneau Road entrance. Maintenance of trails was required this year on several occasions.

- Children's Woods and Carey Park: Gates were made by Apollo Steel and installed by the town DPW at the entrance to Children's Woods off Carey Road to reduce vehicular damage to wetlands.

- The Land Acquisition Capital Reserve Fund (LACRF) was funded with $5,000 at the 2020 Town Meeting.

- DES Applications: Numerous DES applications were reviewed and site visits with recommendations were made regarding the applications.

- The Monadnock Conservancy completed the conservation grant for the James and Lisa Bearce property with support from the Jaffrey Conservation Commission.

CONSERVATION COMMISSION

- The memorial bench for Nora Barton Bryant was completed and placed on the Jaffrey Public Library lawn. A brass plaque is on the bench acknowledging Nora's many years of dedication to the Conservation Commission.

- To acknowledge the 50th Earth Day, a State proclamation was written and signed by the Governor in an official presentation. A Town proclamation for recognition of Earth Day was accepted and signed by the Select Board.

- For the 50th Earth Day 2020, extensive plans for a parade and celebrations had to be cancelled because of the global pandemic. In place of in person celebrations, an outstanding Earth Day video was made with participation of numerous volunteers and directed by Deborah Shakespeare Thurber assisted by Christopher Commander.

- In recognition of Earth Day, Eversource presented the town with 2 native trees, planting them in Howard Park. Through Todd Croteau's assistance, his DPW staff provided necessary watering for the trees. Katsura Landcare removed the arbor vitae from around the large rock and replanted the area with pollinator-friendly plants.

- Educational Programs were postponed due to the global pandemic.

- Monitoring of Easements:
  Grey Goose Easement was monitored in 2020 and found to be in compliance.
  Whittemore Island Easement: The Monadnock Conservancy, as holders of the easement completed the annual survey.
  Children's Woods: The Monadnock Conservancy, as holder of the easement completed the annual survey.

- Fifty Pollinator Garden signs were designed and purchased to be placed in pollinator gardens in Jaffrey to encourage and educate residents. The Commission is fully supporting the Town's DPW to develop pocket gardens in the town.

- Nutting Rd. Bridge near Letourneau Drive is in serious disrepair and, while historic, must be replaced. Eighty percent of the funding for the replacement comes from the state. In order to expidite the project, the state would allow Jaffrey to move forward without additional impediment, permitting, or processing fees if the Conservation Commission approved and supported the Nutting Bridge project. Subsequently, the monies saved in fees can then be applied to a conservation project requiring replacement of the Letourneau Drive bridge culverts. This will allow the free movement of fish in Tyler Brook. A letter from the Commission was written to DES in support of the Town Plan for the replacement of the Nutting Road and Letourneau Drive bridges.

- Regular activities of the Commission also included review of wetland permit applications, site visits of applications, and responding to town residents who had questions relating to wetland and conservation issues.

CONSERVATION COMMISSION

- The Jaffrey Representatives to the Contoocook and North Branch Rivers Local Advisory Committee are Carolyn D Garretson and William Graf.

  In 2021, the commission will develop appropriate plans as the pandemic allows.

As your Conservation ommission, we welcome your participation and input on any and all conservation issues. We invite visitors to our meetings and look forward to developing new initiatives that will conserve and promote Jaffrey's unique character.

REPORT OF THE ECONOMIC DEVELOPMENT COUNCIL

The Economic Development Council (EDC) is made up of business owners, community leaders, and local residents with an interest in promoting the economic vitality and growth of Jaffrey. The EDC is committed to promoting business-friendly policies and creating business and job opportunities which build on our retail and manufacturing base.

This year in review begins with the EDC prioritizing top issues to address in 2020:

1) Pursue any opportunities for a broadband buildout.
2) Support business expansion plans with support for changes in zoning for workforce housing opportunities
3) Continue to press forward the W.W. Cross assessments and cleanup
4) Apply for a Road Safety Audit for Old Sharon Road and Route 202 intersection

The overarching issue for 2020 was the Covid-19 Pandemic. Goals shifted to providing immediate response to businesses affected by the sudden lockdowns and service restrictions. Staff quickly launched a fast track loan program using the Revolving Loan Fund (USDA/RBEG) to support restaurants. The program was modelled on the federal government SBA loan program of the CARES Act. As new programs were rolled out information was posted to the Town website and Facebook page. Staff acted as a clearinghouse for programs and service center contacts. Staff also supported small businesses with their applications for micro-grants from the Hanna Grimes Center in Keene.

The EDC fostered the broadband initiative, with a committee being appointed by the Select Board. Work this year included development of a survey to determine broadband service areas, gaps and residents and business needs, and interest in expanding fiber internet to all addresses in town. In compliance with statute, a Request for Information was sent to wired providers and a subsequent Request for Proposals was delivered to respondents. Those responses are currently under review. Staff also supported the development and review of a Request for Qualifications for a Municipal Solar Project at the Wastewater Treatment Facility. A proposal is currently under review.

After the devastating fire at W.W. Cross, staff coordinated with EPA's Emergency Planning and Response Branch. After investigations, EPA will take on a partial site stabilization. An application to the EPA's Brownfields Program for cleanup of the site was submitted in October.

The Downtown Traffic Project was subject of a Finding of Necessity Hearing, after the Public Hearing in October 2019. After a lengthy evaluation, the project was approved. The DOT is then authorized to develop a scope and fee with the engineering consultant to be submitted to the Governor and Executive Council for final approval. Funding for the sidewalks improvements on Peterborough Street and Stratton Road has been obligated, final design is underway. Engineers are coordinating with DOT on the downtown project.

By the end of year budget discussions included increasing the Capital Reserve Fund, developing a marketing program and maintaining a high level of funding for Downtown projects and increasing TEAM Jaffey budget and responsibilities.

HISTORIC DISTRICT COMMISSION

In 1969 the citizens of Jaffrey established the Jaffrey Historic District Commission whose mission is to aid in preserving the rich cultural, social, economic and architectural histories of our town. The Commission held monthly meetings in February and March with the focus on inviting residents of the District to meet with us to express ideas and concerns on how best we can improve and support our charter. Formal meetings were then suspended due to the Covid-19 pandemic with all business carried out electronically until safe to go back to normal practice.
Over the course of 2020 the Commission continued working with residents advising how best to keep in compliance with the District's guidelines. These included patio concerns, shed placement, roofing issues, signage, renovations and landscaping. Site visits were made outdoors with proper social distancing and masks. All were general maintenance in nature and did not need application for formal hearing.

In June the Commission wrote to commend, with full support, the Meetinghouse Committee and the Town of Jaffrey in efforts applying for a Land and Community Heritage Investment Program (LCHIP) grant, and a Moose Plate (Conservation License Plate) grant to assist in covering some of the costs of restoring the Tower of our Old Jaffrey Meetinghouse.

For any questions or concerns in the District please contact one of the Commission members.

LIBRARY TRUSTEES

As Trustees of the Jaffrey Public Library, we had an interesting year full of challenges and decisions to make that have far surpassed the past several years. The Board of Trustees has worked as a team to support our staff and have listened to the guidance of our Library Director, Julie Perrin and Youth Services Librarian, Andrea Connolly. Together we have supported them with their endeavors knowing that they are the experts in their field and we put our faith and trust in their decisions. The Board has and will continue to be committed to improving, creating and updating our policies and procedures for our patrons.

We are proud of the entire staff under the direction of our 2020 NH Library Director of the Year, Julie Perrin. We nominated Ms. Julie (as we refer to her) for the prestigious award and she was awarded the highest honor in the State of New Hampshire by the New Hampshire Library Trustees Association. Julie's dedication to the library, her budgetary skills and endless knowledge of resources has made our library known throughout the country. Her model of the "Rainbow of Services" and "Pandemic Policy" (approved by the trustees) served as a model across the country during the pandemic. Programs not only continued; more were added to meet the challenging times we faced.

For all Americans, the COVID-19 pandemic has defined the year 2020. Julie's unwavering leadership has allowed the Jaffrey Public Library to continue its high level of service to the community throughout these unprecedented times. Julie was one of the first library directors in New Hampshire to work with the Board to create a Pandemic Policy. In fact, Jaffrey's policy was published by the NHLTA and used as a model by many other libraries across the country. Julie has an excellent working relationship with Town officials, and involved the Fire Chief, Police Chief, and Town Manager in crafting the draft document she brought to the board. The policy she developed is both concise and comprehensive, allowing the Director to respond quickly to changing circumstances, and tying those responses to both state and local markers. Not only did we make physical changes in the library to address the pandemic, we as a collective team of trustees, with much research and planning for future needs, installed security cameras and the new mobile service desks that allow for better use of the library space.

Our Mission
"The Jaffrey Public Library serves as a community resource for lifelong learning where everyone is welcome to gather, discover and succeed in a safe, nurturing environment."

Even with the very different year dealing with COVID-19, closing and opening, switching from curbside pickup to limited hours inside and our "Rainbow of Services" offered we continued to live up to our mission making sure that our patrons were still able to fill their needs as our staff worked tirelessly to meet our mission. The participation numbers speak to the passion and excitement generated by a professional staff whose attributes are recognized by this board.

Our Vision
"The Jaffrey Public Library will contribute to advancing an informed and technologically literate citizenry. Our library will serve as a model for our region, state, and the nation, demonstrating how public libraries can have a powerful impact on the future economic and social vitality of rural communities."

LIBRARY TRUSTEES

Services and programs did not stop during this year, in fact more programs were implemented via the creative efforts of our staff. Many of the programs that were normally held indoors moved to being outdoors or virtually, giving everyone the means to stay informed and to adhere to our vision. The old saying goes, "Less is Better," but our staff motto was, "More is Better" to take care of the needs of our patrons.

Our Values
"Core values of our organization include equity, diversity, community, stewardship, excellence and innovation."

Ms. Julie and Ms. Andrea turned what could have been a major loss to our citizens into programs that (as far as the trustees are concerned) made Jaffrey shine far above other libraries across New Hampshire and the entire country! Jaffrey should be proud of all the Library does for this community.

MEETINGHOUSE COMMITTEE

THE MEETINGHOUSE COMMITTEE advises the Town on matters pertaining to the use and maintenance of Jaffrey's historic Meetinghouse.

Because of the Covid-19 Pandemic the Meetinghouse served as a venue for far fewer events in 2020 than usual: Two concerts, a wedding—the bride being a descendant of Laban Ainsworth, Jaffrey's first and only settled minister—and a virtual Reading of the Declaration of Independence. A reduced number of Readers recorded the event beforehand in the Meetinghouse and it was premiered at Noon on the Fourth of July. You can view it anytime on YouTube at **https://youtube/ydOuc1bcEj8**

We hope that things will be such that the usual schedule of meetings and events can return at least partially during the 2021 summer season.

The Committee made inspections of the Meetinghouse in May and October. Several small projects were undertaken, sometimes by members of the Committee and at other times by volunteers, contractors or Town staff (primarily Glenn Ruschioni and now Gary Duquette): Inspection and servicing of the Town clock (overseen by Dick Boutwell and Kevin Sterling and with the professional involvement of D'Avanza Clock Repair of Goffstown); annual testing of the fire alarm system (which was also upgraded to a digital version) by Monadnock Security and the fire extinguishers by Guyette Fire Protection; and the usual touch-up painting.

No major projects were undertaken in 2020 although a new electronic timer was installed for the exterior floodlight. However, extensive time was devoted to planning for major work on the Tower scheduled for the Fall of 2021. Michael Petrovick Architects have been retained to assist in this work. The Town was fortunate to receive both a LCHIP (Land and Community Heritage Investment Program) and a Moose Plate grant, the two totaling $78,500. Near the end of 2020 a solicitation went out to many citizens and friends of the Meetinghouse which happily resulted in $7,890, plus a match of $2,000 from Terra Nova Trust. We expect to continue pursuing funds for this expensive project through 2021. The project will involve scaffolding the entire Tower, replacing or repairing deteriorated wood and trim, re-gilding the clock faces and rebuilding some of the interior stairs and landings plus painting the entire Tower.

The balance of the Meetinghouse Trust Fund at the start of the year was $11,635.55. During 2020 rental fees for the use of the Meetinghouse totaled $550. At last year's Town Meeting, $3,000 was added to the fund. The only disbursement from the fund was a payment of $3,500 to Michael Petrovick Architects for preparation of a building assessment required for the LCHIP grant application. Income, Fees and Gains/Losses totaled $87.36. At the end of the year the balance of the Meetinghouse Trust Fund was $11,772.91.

For the fifteenth year a Christmas tree was installed on the Common and a lighting ceremony with caroling was held on December 6th organized by the Village Improvement Society. As always, candles are set in the south windows of the Meetinghouse for the holiday season and remain lighted through the winter months.

MEETINGHOUSE COMMITTEE

The Meetinghouse has its own webpage, hosted on the Town's website at http://townofjaffrey.com. Go to> Boards & Committees > Meetinghouse Committee. Here you will find, among other things, historical and financial information, photographs, the current and past schedules of events, and the application and guidelines for use.

The Committee would like to thank Judy Zola, Town Administrative Assistant, for her supportive and professional attention to Meetinghouse matters particularly in scheduling and overseeing applications for use.

The Committee is hopeful that the pandemic situation by the summer will be such that the usual Meetinghouse events can safely resume and that some special gatherings such as weddings can also occur.

MONADNOCK ADVISORY COMMISSION

The Monadnock Advisory Commission was created by State statute (RSA 227-D:4) and is charged to advise and guide the Department of Natural and Cultural Resources (formerly, the Department of Resource and Economic Development) on the managed lands on Monadnock, Gap and Little Monadnock Mountains. State law allows the Commission to accept tax deductible donations. MAC funds are a primary source for search and rescue supplies and equipment.

Members of the Commission include two representatives from each of the towns these mountains are part of, the Monadnock State Park manager, the Director of the Division of Parks and Recreation, the Director of the Division of Forests and Lands, and the President of the Forest Society (Society for the Protection of New Hampshire Forests). Other guests include Antioch University MERE (Monadnock Ecological Research and Education) Project, Forest Society Recreation Manager, and Monadnock State Park volunteer coordinator.

Regular meetings are scheduled for the Spring and Fall, but the Commission met only once in 2020, due to limitations caused by the pandemic. The increase in outdoor exercise and recreation has increased the strain on the State Park resources at Monadnock, as it has on all state parks in New Hampshire. Many parks have lost significant amounts of revenue, but Monadnock managed to remain open throughout the year, which minimized losses locally. The Division of Parks and Recreation has been seeking reimbursement through the CARES act for losses and expenses caused by the COVID-19 epidemic, but so far without success.

A reservation system for Monadnock State Park users was initiated this year, which according to staff reports is working very well. Visitation has been extremely high, and during peak times the State Park had to turn away visitors. This of course put strains on other trailhead parking lots, and many access points had to be closed to avoid overcrowding and overuse. High usage has resulted in additional wear on trails and resources, especially since Monadnock Trails Week had to be cancelled, as did most facility improvements, trail projects, volunteer work and retail operations. The number of rescues is down from 2019, but still higher than the years just previous to that. Rescue operations requiring litter carries were less than the previous three years.

Studies of the effect of over-use of Mount Monadnock and Mount Washington are still on hold, but the need of these studies is clearly recognized. Also, clearly understood is the impact the increased use of Mount Monadnock, Gap Mountain and Rhododendron State Park has on all access points, and time and planning will be initiated to study those effects and plan on how to prepare for them. Timber harvesting planning and execution continues on several sites on lands surrounding these mountains, with careful plans to limit their effect on recreation uses.

The members of the Monadnock Advisory Commission encourage input from the citizens of our towns regarding anything to do with the care of the mountains we are charged with helping to maintain. Please contact your representatives listed below.

PLANNING BOARD

The Planning Board was off to a strong start in January and February with commercial site plan approvals and two subdivision applications, but as we all know too well, the Covid-19 pandemic threw everything off course. There was a hiatus until June, when things picked up with three subdivisions, and July with four applications. In all by the end of 2020, the Board approved two new commercial site developments, expansion of three commercial sites, ten new subdivision lots and five technical subdivisions.

Changes to the Land Use Code approved at Town Meeting included clarification of permissible uses, application of district boundaries and definitions. The code was also updated with respect to expiration of Special Exceptions and Variances approved by the Zoning Board to bring the code into compliance with State statutes. Also adopted at Town Meeting was Chapter 79E which allows for temporary tax relief against the incidental increase in property value as a result of redevelopment for properties in the downtown area for up to a period of five years.

Due to restrictions on public gatherings, and stay at home orders over the course of the year, no workshops were held, and most board meetings were conducted on-line. Director Carr joined the Monadnock Region Housing group to assess regional housing needs. These meetings were held on-line and included representatives from the southwest region and was facilitated by the Southwest Region Planning Commission. Zoning changes proposed for 2021 take a step toward addressing the housing shortage in Town.

Tim Gordon stepped down this year as did Robert Sherman. Sadly Mr. Sherman passed away this fall, he will be missed by his friends and colleagues in Jaffrey. New Board members include Margaret Dillon and Keith Dupuis and new alternate members are William Taylor and John Peard. We still have alternate positions available please consider adding your voice to our group and working to steer our community forward into a bright future.

There are many important issues facing our community in the coming year. The Board enters the 2021 year energized and ready to work with our existing and future residents to build a better community. Thank you for the opportunity to serve.

SUPERVISORS OF THE CHECKLIST

The Supervisors of the Checklist are responsible for registering voters and maintaining an accurate checklist identifying Jaffrey voters. Voter registration includes filing paper records in the Town Office and entering registration data into ElectioNet, the online database overseen by the NH Secretary of State's office.

The Supervisors are responsible for maintaining an accurate checklist and updating both the hard copy files and the database with any changes such as a voter's change of address, name or party affiliation, driver's license changes and removing individuals from the roles who have moved out of Jaffrey or have died. In addition, Supervisors need to be present when checklists are being used at elections and town meetings and to verify names of voters on petitions submitted to the town. Because of the pandemic in 2020, Jaffrey's Town Meeting was held outdoors in a parking lot and was extremely successful. Additional responsibilities include holding special sessions prior to elections to register new voters. Dates for these special sessions are listed on the Town of Jaffrey website. New voters may register to vote with the Town Clerk during business hours, or at the polls during town, state and general elections.

Additionally, the Supervisors certify signatures on petitioned articles to the Town Warrant, certifying nominations for state and federal offices and attend all Town Meetings and the School Deliberative Sessions to identify residents and provide oversight.

This past year the Supervisors met weekly to cross-check and verify that every voter's hard copy file matches the ElectioNet database to ensure all files are up to date. The Secretary of State's office provided numerous webinars and Zoom meetings including cyber security consultation to assist during the global pandemic. Because of Covid-19 there was a huge increase in absentee ballots to be processed and counted during both the State Primary and National Election. In addition it was necessary to provide safe in-person voting, requiring masks as well as accommodating those voters who refused to wear masks. Election procedure training was completed with zoom meetings for Inspectors of Election (Ballot Clerks). This entire voting procedure required extensive planning and the results were extremely gratifying with over 50 dedicated volunteers spending numerous hours to help assure a safe and successful election. We are very appreciative of the dedication of Kelly Rollins, Town Clerk, Marc Tieger, Moderator and Jon Frederick, Town Manager along with many town staff assisting in the elections.

As of December 2020, Jaffrey had 4,348 registered voters.
The table below shows the number of Jaffrey voters for the past four years:

Year	Voters	Dems	Reps	Undeclared
2017	3970	1183	1258	1528
2018	4004	1204	1247	1553
2019	3934	1171	1194	1569

TEAM JAFFREY

We are a survivor of 2020! We had no idea what we were up against; the uncertainty, changes, the shutdown, staying away from friends and loved ones, cancellations, restrictions, inconveniences, disappointments, and MASKS!

But we did not give up.

-We learned to hope.
-We learned to change.
-We learned to lean on our neighbors.
-We learned how special and lucky we are to live in a small town. To know our neighbors and care for them.
-And we learned how important our small nonprofit is and the impact we have, when we could not.

But here is what we could do:

-We partnered with the town to financially help our downtown businesses early in the pandemic.
-We continually shared federal and state programs to help our businesses stay open.
-We partnered with Conant High School to give our 2020 seniors the recognition they deserve with personal posters hung throughout town the month of June.
-We held our Annual Farmer's Market, Scarecrows on the Common 2020-style, socially distanced and outside, and through the month of September, recognized and supported our local veterans.
-We teamed up with Discover Monadnock and put many of our Jaffrey businesses and organizations on its map for the foliage tourism season.
-And through the month of December, we did Wreath Sales, Holiday Decorating Contest, downtown decorating, and in 2020 style, Drive-In Bedtime stories with Santa. A wonderful, positive and hopeful way to end a challenging year.

We are TEAM Jaffrey and we aren't giving up in 2021. Please help us continue our commitment, desire and hope to build, support, and improve downtown by making a tax-deductible donation today in the envelope provided or online at www.teamjaffrey.org.

With your repeated support, we will renew our goals for 2021. With our sincere gratefulness, we wish you and your family this holiday season, however that may look like, a safe, healthy and hopeful new year. May 2021 continue to make us grateful for all we have. Stay safe, stay well.

Together We Are More. TEAM Jaffrey

JAFFREY RINDGE MEMORIAL AMBULANCE SERVICE

This 2020 Year has been unforgettable for all of the Jaffrey Rindge Memorial Ambulance crew members and our Board of Directors. We have been tested by the pandemic and we have been proven strong and reliable. In early Spring, our call volume dropped significantly, as residents stayed away from hospitals because of the fears of the pandemic. This was an almost universal situation for ambulances across the nation.

JRMA continued to ensure that crew members were on the job and ready to respond. That required purchases and donations of enormous numbers of protective gloves, gowns, masks and sanitation materials to keep our people and equipment safe and secure.

By late Spring and Summer our calls began to increase, as did the calls for response to potential Covid-19 cases. We answered to 1,069 calls with a total of 3,168 hours of patient care.
With a staff of 25, JRMA continues to be committed to providing quality patient care for the towns of Jaffrey and Rindge, with emergency transports to Monadnock Community Hospital, The Cheshire Medical Center, Henry Heywood Hospital, as well as University of Massachusetts-Worcester, and Catholic Medical Center in Manchester.

In 2020 we strive to have our two ambulances covered at all hours of the day and night.
Our crew members continue to advance their levels of training and certifications. We are extremely proud of their dedication and commitment to JRMA and their ability to give the most advanced levels of pre-hospital care to the citizens of Jaffrey and Rindge.
We thank our entire community for their continued support of our efforts to be the very best service we can be!

Please remember…If you are a licensed EMT, AEMT or PARAMEDIC living in the Jaffrey-Rindge community there are employment opportunities available.

JOINT LOSS MANAGEMENT COMMITTEE

The purpose of the Joint Loss Management Committee (JLMC) is to conduct research, develop recommendations, and study and review matters pertaining to occupational safety and health within the Town of Jaffrey.

The JLMC consists of eight (8) members who are employees of the Town of Jaffrey and the membership consists of both management and staff personnel and is representative of the major work activities (departments).

The JLMC holds regularly scheduled quarterly meeting on the first Thursday of the month, during the following months: March, June, September and December and will hold special meetings whenever necessary.

Agendas are distributed and posted and the JLMC maintains written minutes of each meeting which are posted, made available to all town employees and retained. Additionally, the JLMC conducts safety inspections of all town buildings and promotes training for all employees whether job specific or applicable to all the town's employees.

The duties of the JLMC are generally consistent with the New Hampshire Department of Labor's Rules and Regulations.

2020 has been an interesting and trying year due to Covid-19 for not just town employees but for everyone. We strive to continue to work safely in the town. This year all town employees participated in Primex online safety trainings. All employees completed training on the following topics: Back injury prevention, preventing unlawful workplace harassment, and slip, trip, fall protection.

CONTOOCOOK & NORTH BRANCH RIVERS LOCAL ADVISORY COMMITTEE

The Contoocook & North Branch Rivers Local Advisory Committee, (CNBRLAC) completed a very productive year in 2020 with a full slate of meetings and monitoring activities for the Contoocook and North Branch River communities. Like so many other organizations and Boards we met each month and beginning in April met virtually under the emergency meeting provisions enacted by the Governor to help combat COVID-19. Despite the challenging situations a virtual meeting can present, CNBRLAC was able to productively meet, entertain applicants presenting their projects and complete our regular business.

Established in 1988, the CNBRLAC represents the fourteen communities that the rivers run through; Antrim, Bennington, Boscawen, Concord, Deering, Greenfield, Hancock, Henniker, Hillsborough, Hopkinton, Jaffrey, Peterborough, Rindge, and Stoddard. The CNBRLAC performs statutory duties including permit review and management plan coordination. The CNBRLAC provides a voice for the Contoocook and North Branch River towns and cities through the river's designation in the New Hampshire Rivers Management and Protection Program. The CNBRLAC updates the Contoocook and North Branch Rivers Corridor Management Plan (CNBRCMP) https://www4.des.state.nh.us/blogs/rivers/wp-content/uploads/ctc-plan.pdf and coordinates the activities in it. Our website is www.cnbrlac.org. (As always, special thanks to river lover Luciano Lipari of Antrim for his volunteer creation and maintenance of our website).

This past year the CNBRLAC reviewed and provided comment on twenty-five proposed projects for Wetlands, Shorelands, Alteration of Terrain permit applications or other activities within the Contoocook and North Branch River's watersheds. Major projects included several Eversource projects for transmission line replacement and vegetation management within the watershed, a tank farm in Henniker, public boat ramp and dock improvements by the Town of Hillsborough, gravel operation in Peterborough and a downtown redevelopment in Hopkinton. In addition, several shoreland projects along the small lake impoundments which are part of the river in Rindge/Jaffrey and Antrim/Hillsborough were reviewed.

The VRAP *(Volunteer River Assessment Program)* Monitoring Program marked its twenty-second year in 2020. The VRAP Monitoring Program depends on the high-quality work of many volunteers each year who monitor river and stream health on the Contoocook and North Branch Rivers, and their tributaries at over twenty sites between Rindge and Concord. During the summer, volunteers collect river water samples and record the results of in-field testing. The resulting data are used to evaluate the condition of the water quality of the rivers. The information is shared with municipalities and their local officials, as well as to the State of New Hampshire and the US Congress. This data is available for viewing at Publications | NH Department of Environmental Services (acsitefactory.com).

CNBRLAC's elected officers which include Matt Lundsted, Chairman; John Haley, Treasurer and Marco Philippon, Secretary were re-elected in 2020.

The CNBRLAC work would not be possible without the generosity of all fourteen of its municipal supporters. Their support assures that the program has the resources that it needs to continue. Special thanks goes to Monadnock Mills as they provide the committee with an in-

person monthly meeting space which provides for a consistent venue with convenient accommodations.

The CNBLAC meets monthly every third Monday at 7:00 PM. If you are interested in attending or participating, please call the Chair, Matt Lundsted, for in-person or Zoom meeting information. Thank you to the Towns and Cities of Boscawen, Deering, Greenfield, Hillsborough, Jaffrey, Peterborough, Rindge, and Stoddard for their generous financial support during the past year. All are welcome to attend the meetings. For further information, please contact Matt Lundsted, Chairman via telephone at 603.424.8444 ext. 305, email at mlundsted@ceiengineers.com or through your local representatives listed below.

STAFF REPORTS

TOWN MANAGER

2020. Before you consider discarding the annual report with the rest of the year, I encourage you to read the report, then place it on your "one for the ages" shelf. The year was certainly a challenge for us all, but through resilience and patience, we can look forward with optimism for what the latter half of the coming year has in store.

We began the year with restructuring the Department of Public Works into two departments – Highways & Facilities and Utilities – to focus our efforts on the town's road system and the Cold Stone Springs alternate water source project. We welcomed Superintendent of Highways & Facilities Todd Croteau and Superintendent of Utilities Tony Cavilliere to the town in April to take charge of the new departments.

Our March Town Meeting was postponed due to the onset of COVID-19. All town facilities were restricted to public access due to safety concerns and the Town Office began serving our residents on an appointment only basis. As the pandemic continues, we will continue to operate this way to keep you and our employees safe. We appreciate your continued understanding.

Through the spring months, we worked closely with the New Hampshire Municipal Association in seeking guidance from the State on how to safely and properly conduct our Town Meeting. In May, it became clear that no guidance was forthcoming and we proceeded on our own. Following the model used by the Winnisquam School District, we began planning for an outdoor, drive-in style Town Meeting.

On June 6th, following a tremendous team effort and weeks of hard work and planning by staff and elections officials, we held our Town Meeting in the Hope Fellowship parking lot. The meeting was set up like our typical meeting hall, except the seats were in attendees' cars. Attendees were able to hear the meeting in their cars or outside while sitting in their parking spaces with a broadcast on FM radio or through our usual audio system. It was a beautiful day and we completed the meeting in three hours with 160 voters in attendance. The highlight of the morning was a USMC Osprey flyover by Jaffrey native, Alex Hedman.

Town Meeting approved two bond articles - a $1M road bond and the Cold Stone Springs alternate water source project. The late date of Town Meeting and the lengthy bond closing process resulted in us being last on the paving list. We conducted some paving at the end of the season and will continue using the bond funds for our 2021 paving projects. Our work with Cold Stone Springs has been busy, obtaining the necessary funding to move the project forward. We received a $3M loan from NH Department of Environmental Services, $1M grant from Northern Border Regional Commission, $500K grant from the NH Community Development Finance Authority, $430K grant from the Drinking Water Groundwater Trust Fund, and $1.16M commitment from MilliporeSigma for payment of the loan.

The WW Cross site improvements remained an item of focus. A five-alarm fire at the facility on Father's Day compromised the integrity and security of the facility, and raised environmental con-

cerns with the remaining debris. The Town continues working with the facility's owner, NH Department of Environmental Services and the federal EPA to resolve the site's issues.

The Route 202 dogleg project was approved at the Finding of Necessity hearing in July by the Governor and Council appointed hearing commission. The project continues its slow move forward to its scheduled 2023 construction.

The Jaffrey 250th celebration received funding at Town Meeting and the committee has begun their work planning for the 2023 anniversary in earnest. Please visit its website jaffrey250.com for information and to purchase merchandise to commemorate and support the event. It is only two years away!

We had significant personnel turnover in 2020. We bid retirement farewells to Tax Collector Dawn Oswalt, Chief of Police Bill Oswalt, Highway Foreman Bruce Hautenan, Mechanic David Kemp, Equipment Operator Jim Price and Transfer Station Supervisor Peachie Chalke. Director of Public Works Randy Heglin departed after 16 years of service to Jaffrey. Lieutenant Todd Muilenberg was promoted to Chief of Police and Chelsie Thibault was hired as Tax Collector. Good luck to you all.

The town hosted four elections, two of which were held during pandemic conditions. The presidential election in November saw 3,059 residents vote and our elections team did a fantastic job running a flawless election. Thank you to Town Clerk Kelly Rollins, Supervisors of the Checklist Carolyn Garretson, Eunice Jadlocki and Vicki Arceci, Moderator Marc Tieger, Selectmen Frank Sterling, Jack Belletete and Kevin Chamberlain, the Highways & Facilities crew and our many citizen volunteers. They all worked very long days to host our elections.

I hope you enjoy the town report and appreciate the work our entire staff contributes on a daily basis to the Town of Jaffrey. I would like to give a special thank you to Becky Newton and Judy Zola for their work compiling and editing the town report. Great job and thank you!

FIRE DEPARTMENT

As a result of the Coronavirus Pandemic the year 2020 was a challenging year and like everyone else the fire department had to adjust and make changes in how we responded to emergencies, conducted trainings and daily operations.

Although we had to cancel some planned trainings and annual fire department events it was in the best interest and safety of the firefighters, their families and the community. With the changes and some adjustments, the department was still able to have monthly trainings, weekly equipment and apparatus checks which allow the firefighters to continue to have the knowledge, skills and apparatus to respond to emergency incidents safely.

The Jaffrey Fire Department responded to **325 Calls for Service in 2020**. **EMS Medical / Ambulance Assist** top the list for calls for service followed by **Mutual Aid to Surrounding Communities, Investigation, Automatic Alarm Activations and Motor Vehicle Accidents.**

Assist Ambulance / EMS Incident	**67**	**20.61%**
Mutual Aid to Surrounding Communities	**61**	**18.77%**

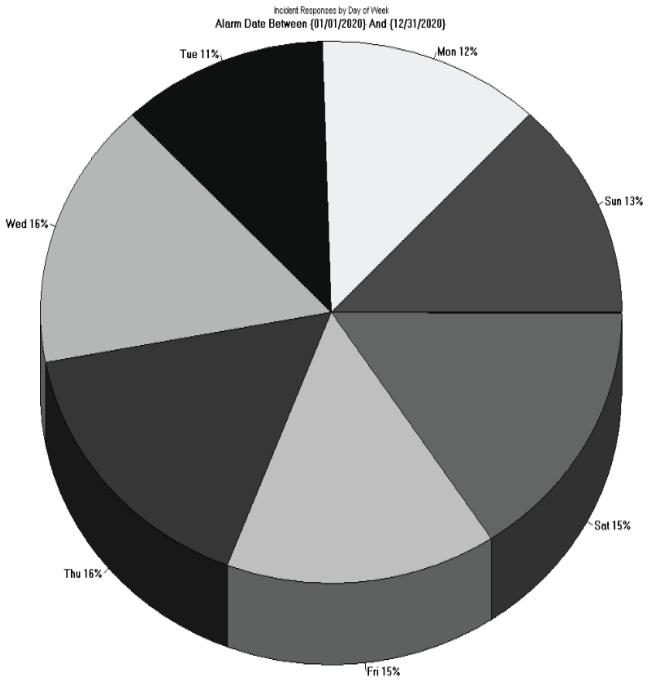
Landing Zone Set Up	2	0.61%
Chimney Fire	2	0.61%
Motor Vehicle Fire	2	0.61%
2020 Total Calls for Service	**325**	100.00%

The year 2020 had a decrease of 43 calls for service over the calls for service in 2019 (368).

FIRE DEPARTMENT

The 2020 calls for service percentage by day of the week were fairly even with **Wednesdays and Thursdays** each having **16%**, **Fridays and Saturdays** each having **15%**, Sundays **13%**, Monday **12%** and Tuesdays **11%.**



The Fire Department ended 2020 with a staff of twenty-two (22) that included the Fire Chief, Assistant Fire Chief, two (2) Captains, two (2) Lieutenants and sixteen (16) Call Firefighters. The department currently has Thirteen (13) Certified Firefighter II Firefighters, five (5) Certified Firefighter I Firefighters, four (4) Probationary Firefighters. Thirteen (13) of the Firefighters are Certified Emergency Medical Technicians (EMT), Two (2) are Certified Advanced Emergency Medical Technicians (A-EMT) and One (1) is a Certified Paramedic (Medic). We currently have a Fire Lieutenants Officers position open and we will be working to fill this officer's position in the early part of 2021.

As we continue to do our best with the preventive and annual maintenance of all the fire apparatus and equipment this should allow the proposed CIP Plan to be followed. 16 Engine 1 is in it 28th year of service and will need to be replaced in 2022 or 2023. We will be putting a committee together in 2021 to start the process of gather information on a replacement. If the current CIP plan continues to be funded annually there should be significant funds available to purchase new replacement apparatus and or equipment when the time comes. We will continue to apply for grants and seek out other funding sources to help with the cost of training classes and future purchases of equipment.

FIRE DEPARTMENT

We have been working on a plan to acquire some of the land next to the fire station for future expansion. The process for the acquiring the land should be completed in the first part of 2021. With the added land we will be able to put a plan together to look at a building expansion that will allow for future space for the fire department operations with a priority of working on the need and ways to install showering facilities at the fire station in an effort to keeping with our commitment to keep the health and wellness of the firefighters a top priority.

With the Coronavirus Pandemic we did our best to continue our relationships with the community, but like a majority of organizations we were unable to have our annual events or participate in other ones. Despite the pandemic several donations were received from citizens, businesses and organization to support the JFFCI Benevolent and Equipment Funds. With funds from the JFFCI Equipment Fund the association purchased four new Thermal Imager Cameras (TICs) for the fire department. We would like to thank the members of JFFCI and everyone that donated to the equipment fund to make this purchase possible.

Recruitment of new firefighters continues to be a priority for the department. Anyone that is interested in becoming a call firefighter or has ideas as to how to help resolve our staffing problems should contact the Fire Chief at the fire station 532-8377, by email firechief@townofjaffrey.com or visit the fire department's website www.jaffreyfire.org for information on joining the fire department. We will be having formal discussions in 2021 to evaluate and come up with ideas and options for finding ways to recruit new firefighters to allow for adequate staffing to respond to emergency now and into the future years.

Install smoke alarms and carbon monoxide on every level, all bedrooms of your homes and test the alarms every month. Talk with all family members about a fire escape plan and practice the plan twice a year. Have your address number posted on the front of your home and visible from the street or at the end of your driveway will allow for first responders to be able to locate your home quickly during an emergency. Anyone that needs fire safety information, has questions and or needs assistance with installing Smoke and CO alarms and or help with other safety items is encouraged to contact the Fire Chief at the Fire Station.

We want to thank everyone for their continued support and assistance. As we experienced the out pouring of support back in June at the 5th Alarm Fire at the old WW Cross Building on Webster Street the response from our surrounding and far away Mutual Aid Fire Departments as well as the citizens and community was over whelming which allowed for a large fire to be mitigated without further damage to surrounding properties and without anyone getting hurt. The level of service provided by the fire department, the facilities, apparatus, equipment, tools, funding and support provided are made possible by the dedicated firefighters, their families, the retired firefighters, the Jaffrey Firefighters Company Inc.(JFFCI), the FAST Squad, local businesses, citizens, taxpayers and all of the fire departments in the area that helped us in a time of need.

LIBRARY DIRECTOR'S REPORT

The Jaffrey Public Library remains a vibrant community center for life long learning for visitors of all ages, even with the challenges presented by Covid-19. This was an unprecedented year that required a dynamic response to meet public service needs during a healthcare crisis, while seeking to future-proof our service model for an unknown 2021 landscape.

Services were not reduced, but actually expanded and adjusted for public safety during 2020.

We were among the first libraries in the state to develop a Pandemic Policy and accompanying Interim Service Plan, and among the first to provide curbside services prior to March closures. In doing so, we checked out books for every child at Jaffrey Grade School to support the transition to remote learning and provided residents with literally thousands of books and other items to support the Governor's Stay at Home order.

Three weeks later, by early April, the library staff had transitioned nearly every in-person program to a digital platform, *Library-to-Go*, and created new ones. Online and phone services to support the public's information needs continued, even while the building was closed, and reopening plans that supported staff and public safety were designed. New digital services were rolled out to support the lifelong learning needs of the community.

By June 1, the library had also transitioned to a no-touch curbside service in accordance with the health and safety information known at that time. The summer was lively with curbside service and outdoor browsing/programming, while building renovations took place inside to support a safe building reopening and to future-proof services for expected fall surges.

In the summer of 2020, our circulation stats equaled or exceeded the circulation stats of the summers of 2016 and 2017! Residents of all ages checked out books, audiobooks, DVDs, sewing machines, microscopes, and even Wi-Fi hotspots, along with thousands of digital titles.

The Trustees continued their commitment to employee and public safety and investment in the facility by reordering budget priorities and committing available trust funds to assist with library operating and building expenditures, including fire and security upgrades and flexible space changes to support social distancing guidelines. In doing so, they helped us to design safe spaces that could support a service model that is responsive to the needs of the community.

When the library building reopened by appointment this fall, we continued to operate on a reduced staffing model, both due to the reordered budget priorities and employer requirements for Covid-19, but we reopened for 30 hours per week, only eight hours less than in pre-pandemic times. We did so to maximize the available hours for the public consistent with our cleaning schedule. The appointment model also allowed us to meet any potential contact tracing needs for staff/public exposure.

Throughout the year, the library supported public welfare with a free mask distribution program, Mildred's Masks, supported 100% by community volunteers. We have distributed over 1,200 masks to residents of all ages. We have also served as a supplementary pick-up location for the Jaffrey Food Pantry.

The Library provides a high level of individualized service, both in-person and virtually, as well as expanded digital offerings available 24/7 to cardholders. Our services include technology help, reference assistance, and countless educational programs for youth, teens, and adults. We serve local residents

LIBRARY DIRECTOR'S REPORT

of Jaffrey and Sharon, all middle and high school students in the Jaffrey-Rindge district, and non-residents locally employed in Jaffrey, as well as local institutions.

This year, we registered 126 new library users, bringing the total number of active library accounts to 4,472. Even with adjusted hours and staffing, library staff answered over 12,000 reference and technology questions, and had over 9,000 participants in library programs this year, both in-person and virtually. The library provided a wide array of materials for checkout, to meet community needs, including books, audiobooks, movies, technology, microscopes, sewing machines, and Wi-Fi hotspots. Circulation, the number of materials checked out from the library, totaled 40,814 in 2020, surpassing the "normal" year of 2016.

The Library's collection is diverse and relevant, with physical holdings at 35,134, and shared downloadable digital holdings of 32,803 eBooks, 27,451 audiobooks, and 3,294 magazine copies, available through the state consortium from *Overdrive*. In 2020, we also added 1,477 digital titles for youth through our *TumbleBook Library* and an additional 1,228 digital titles for young adults through *Teen BookCloud*. These titles are available for free to all library cardholders, and many include added features and enhancements that promote access to all types of learners. We also expanded our digital *Newsbank* collection, providing online access to 3,499 news sources, including newspapers across the country and popular educational periodicals titles such as *The Atlantic, Air & Space,* and *Smithsonian* and transcripts from news programs such as *60 Minutes* and *CNN.* The Library also provides multiple electronic resources, available 24 hours a day, for research, genealogy, language learning, career and tutoring services.

In 2020, we added 1,567 new titles to our physical collection, of which 777 (valued over $17,000) were funded by grant programs and donations, at no cost to taxpayers. 2,605 items were withdrawn from the physical collection as part of a comprehensive collection development and maintenance plan, according to professional standards. Many of these withdrawn items were donated to smaller libraries, local classrooms and preschools, the Cheshire County Jail, and Monadnock Adult Day Care. This number also includes the deletion of titles from our system discovered missing during inventory.

In our commitment to provide you with the best possible service, we expanded learning opportunities far beyond our budget, thanks to many grants and donations, valued over $42,000! A $20,000 STEAM Learning grant from MilliporeSigma enabled the expansion of our science education, arts and technology programming, with over 100 inter-generational STEAM Kits that allowed us to bring library programming safely into the homes of our patrons during the pandemic. We are grateful to have been the recipient of multiple grant awards from the Children's Literacy Foundation that provided books, Field Science kits, and storytelling events. Community donations and grants funded the Summer Learning program, Halloween Book Giveaway, new databases, and multiple programs. The Friends of the Library also expanded ongoing funding for our mobile hotspot lending program.

Know that in the uncertainty of these times, your librarians remain committed to providing you with the best possible service in the safest possible way. Thank you, all, for your kindness and support. We look forward to serving you in 2021.

POLICE DEPARTMENT

"Nobility is defined as 'greatness of character and high ethical qualities or ideals that serve a cause greater than self; faithfulness to a higher calling or purpose'. Policing is one of the most noble professions for we are the entrusted guardians of peace, justice, and democracy. This is our calling, it is our purpose, and it demands our selfless loyalty to the cause. Our citizens expect and deserve no less." ~TM

The men and women of the Jaffrey Police Department have clearly demonstrated their nobility and commitment to our community in 2020. A transition in leadership, staffing shortages, the COVID-19 Pandemic, nationwide scrutiny concerning police reform, and social justice protests, made this a very challenging and turbulent year.

The year began with the retirement of Chief William Oswalt after 27 years as a member of the police department and 13 as Chief. His dedication, contributions, and outstanding service to the Police Department and the Town of Jaffrey are to be commended. I was honored and fortunate to have worked under his leadership for the last three years. I have the utmost respect for him and I wish him and his wife Dawn happiness in their well-deserved retirement.

Staffing shortages have been our most significant internal issue all year. Officer Kelsea Ashmore was hired to replace Officer Swanson who resigned to move to New Mexico in 2019. Officer Ashmore was later deployed with her National Guard Unit to the Middle East just weeks after graduating from the Police Academy. She should be returning to us in April of 2021. Officer Brianna Rogers was hired to backfill the vacancy created by Chief Oswalt's retirement. Unfortunately, Officer Brian Riley had to medically retire due to an injury, hence creating another vacancy. His replacement, Officer Zach Lazzaro, is in Field Training now and scheduled to attend the Academy beginning in January of 2021. He should be ready to work patrol in May of 2021. Lastly, we now have another officer on long-term transitional duty due to a job-related injury. This has us operating three Officers short as of the writing of this report. The resulting schedule has us all filling "patrol" shifts and there are presently no "administrative" shifts for the Chief, Lieutenant, or Detective which greatly impacts our efficiency. We do not anticipate being at our full staffing allocation number of 11 sworn officers until May of 2021 at the earliest.

Shortly after I took over as Chief, the COVID-19 Pandemic hit. It forced us to reassess how we were doing business and adjustments were made to maximize the health and welfare of our officers and community members. We were forced to temporarily close our lobby, suspend some basic services such as fingerprinting and V.I.N. checks, and minimize face-to-face contact with the public by utilizing a phone reporting process whenever possible. Overall, our calls for service were down and we were successful in balancing customer service with required State and Federal safety protocols.

Several police incidents, involving the use of force, around the country sparked a substantial social justice and police reform movement in 2020. Although Jaffrey was only minimally

affected by this movement, we proactively addressed citizen concerns by collaborating with churches and social justice groups to share information and better understand each other's realities vs. perceptions. A reality that we shared with these groups is that no Jaffrey Police Officer has ever been involved in a shooting or used lethal force. In addition, over the last four years we have only had one Taser deployment on a non-African American suspect, no pepper spray usage, and no baton usage. We have had only one formal complaint filed and that was not use of force or bias related.

Our efforts to address police reform concerns did not stop with our collaborations. Recognizing the need for transparency, the need to utilize industry "best practices" in delivering police services to our community, and the need to consider reasonable standards placed on us by our citizens, we proactively conducted a full review of our Use of Force policy. In addition, we reviewed "Social Justice" websites to understand current concerns and what these sites considered to be essential police reforms in reference to the requirements of police officers during encounters where force is used.

One popular police reform website listed eight "Use of Force Changes" that they demanded of all police organizations. These demands included policy requiring the use of force de-escalation, policy requiring the use of a "force continuum", policy banning chokeholds, policy requiring warnings before shooting, policy banning shooting at vehicles, policy requiring the use of de-escalation techniques, policy requiring that alternatives are exhausted before utilizing lethal force, policy requiring a duty to intervene if another officer is using excessive force, and policy requiring comprehensive reporting. I am pleased to report that the Jaffrey Police Department's Use of Force Policy addresses all of those demands and we have been credentialled by the U.S. Department of Justice as being compliant with Executive Order No. 13929; Safe Policing for Safe Communities.

Although it was a difficult year, 2020 was not without accomplishments and progress within the Police Department. Highlights included the promotion of Chris LaBrecque to Lieutenant and Tom Bishop to Sergeant, the rollout of new Mission, Vision, and Values Statements, minor renovations of the police station, webpage updates and revisions, and a more proactive use of our Facebook page to share information with the community. In addition, the crises encountered in 2020 ultimately helped us to strengthen relationships with our community members, churches, businesses, and schools as we worked together to keep Jaffrey a safe place to live and work.

In closing, I am very proud to be serving as the Chief of Police for the Town of Jaffrey. The men and women of our agency are fortunate to serve a community that values us and supports our mission. For that we are grateful and we promise to do our best to create and sustain a law enforcement culture in Jaffrey that is based on mutual respect, trust, and understanding.

PROSECUTOR'S OFFICE

As with everyone else, the Covid-19 Pandemic resulted in a number of challenges in the courts and in the justice system in 2020. The initial surge in March forced the closure of the court building to members of the public and all cases were essentially put "on hold." Within a few months the Administrative Office of the Courts implemented a system for telephonic hearings which proved to be an effective way to get the wheels of justice turning again. However, there was a significant backlog in cases. Although some courts used the internet application Webex for trials, the majority of those involved in the justice system felt that "in person" trials were more practical and by late summer the courts resumed live trials with social distancing and sanitization protocols in place.

Statistical numbers were slightly diminished this year also due to the pandemic. For a few months, at the onset of the initial surge, for the safety of the officers, the police department took a reactive approach as opposed to deploying traditional enforcement models resulting in a reduction in cases. However, there was also a notable increase in domestic and mental health related cases.

For the past several years, we have participated in the student intern program with ConVal High School however, that program was suspended in 2020. If or when that program resumes, we look forward to participating in it once again.

Our juvenile and adult diversion programs were also forced to adapt to the situation and implement new ways of proceeding with their operations. Our youth program adopted a sort of hybrid method by utilizing both internet applications and in person meetings subject to recommended protocols and the Cheshire County Restorative Justice Program has moved forward with operating through the Zoom internet application. We referred 4 juvenile cases to diversion and 4 adult defendants to the restorative justice program.

Drug and alcohol related offenses, DWI (drugs and/or alcohol,) simple assaults, domestic violence, trespass, criminal mischief, suspended driver's licenses, and traffic related offenses are the types of cases most commonly brought before the circuit court.

In cases where it is applicable we have had $3265.80 in restitution ordered to be paid to victims through the Court, Department of Corrections or through our office.

Revenue received through discovery fees in 2020 was $ 75.00

The statistical breakdown is as follows and includes cases that are open, pending, or closed out in 2020.

2017	2018	2019	2020
536	429	381	267

Of the 267 cases, 6 were juvenile, 62 were motor vehicle, and 199 were adult criminal cases. There were 14 summonses issued under the personal possession of marijuana statute and 24 Town Ordinance violations. In addition, there are 99 cases for which bench warrants have been issued that remain unresolved.

PUBLIC WORKS: UTILITIES

2020 certainly was a year for the history books. This was a year where everyone, globally, needed to get creative. Everyday life was interrupted only to show us all how resilient and adaptable we truly are. Specifically, to Jaffrey, the DPW was restructured to try out a new approach. The Highways and Facilities Division has been separated from The Water and Sewer Divisions in order to better focus on the individual departments. Our mission is to work together with a common goal: provide the residents of Jaffrey, NH the highest level of service for the lowest possible cost. This year brought two new employees to the Water Department. Tony Cavaliere has taken over as the Superintendent of Utilities. Tony holds a Grade II Water Treatment, Grade II Water Distribution, Grade IV OIT Wastewater Treatment, and a Stormwater Inspection Licenses. Tony has worked 24 hours a day, seven days a week in this industry for six years. Starting his career as a contract operator, he has experience running multiple water and wastewater systems of all sizes before settling into a municipal setting. Tony also sits as Vice President of the Granite State Water Association, a non-profit organization dedicated to providing technical and educational assistance to water and wastewater systems throughout New Hampshire. Tony is heavily focused on customer service and satisfaction, allocating funds properly and responsibly, educating people about the importance of these industries, and protecting the worlds most important natural resource. Tony is always willing to listen to the concerns of the residents of this great Town. Please feel free to stop by the DPW, or give us a call. This year we also just hired a new water operator, David Griffiths. David has vast and broad range of technical and mechanical skills. As a natural born "people person" and hard worker, David is just a phone call away to provide the residents of Jaffrey the service they require. David has been with the Town for a short amount of time but has already seen a wide range of events, including his first water main break. While David has a lot to learn (You never stop learning in this industry!) he has proven to be a quick learner and a hard worker.

On the water side of things, this year brought 4 water main repairs, 1 service line leak, 1 fire hydrant repair, 7 curb stop repairs, 78 turn on requests, 62 shut off requests, 96 meter change-outs, 52 meter radio change-outs, 8 material requests, 69 final meter reads, 70 Dig Safe locates, 8 new service inspections, and the completion of the multi-year water main replacement project on Squantum Rd, School St, Stratton Rd, and Aetna St was wrapped up. The Water Department brought in $1,434,486.53 in user revenue and a total of $1,494,263.60 of revenue in 2020. The Town's Water Operators worked seven days a week performing daily checks and maintenance of the two water tanks, one booster station, and three well sites. Meters were read monthly, and high water use checks were provided at no costs to residents who had noticed a spike in water use. Please call the DPW for a high use check if you have noticed a strange and unexpected jump in water use. The average American uses about 3,000 gallons of water, per person, a month. However, this varies and the average residential household in Jaffrey uses roughly 4,000 to 5,000 gallons a month. Nine times out of ten a leaky toilet flapper or fill valve is the culprit of a high water bill. 266 fire hydrants were flushed this spring and no

hydrants were flushed in the fall due to the record setting drought experienced in New Hampshire this summer. The Water Operators have also been sampling and testing the water according to our Monthly Sampling Schedule, provided by The State of New Hampshire. Testing is done to ensure that the water flowing out of your faucet is 100% safe to drink, cook, and bathe in.

On the wastewater side of things, 176,497,000 gallons of wastewater were cleaned and returned back to the Contoocook River at a drinking water level of cleanliness. Four sewer manholes were repaired, 32,514 feet of sewer mains were cleaned, seven blockages in homeowners lines were addressed, 1,851,034 gallons of septage were received in our newly built septage receiving station, and 123 dry tons of sludge were processed and shipped out. The Sewer Department brought in $135,648.00 of revenue from septage haulers, $1,582,490.51 from users, and collected a total of $1,901,601.80 in revenue in 2020.The contract Sewer Operators (SUEZ) have been working seven days a week to ensure that all the wastewater in Town gets properly collected, remains contained within the system, and gets treated at our wastewater treatment plant to drinking water level standards. The crew performed daily checks and maintenance at the wastewater treatment plant and the five sewer pump stations which are used to overcome the forces of gravity within the gravity fed sewer collection system. Maintaining 20 miles of sewer collection pipes, and keeping the wastewater treatment plant's biological and mechanical systems running smoothly is no easy task, but our skilled operators are always prepared to get the job done. Much like the drinking water systems in Town, the wastewater systems are also tested for contaminants. The crews test the wastewater coming into the treatment plant, at key points within the plant, and at the end of the plant to ensure that safe, and clean water is being released back to the environment. After all, the water cycle that everyone learned about in grade school is constantly going on all around us. The Earth naturally circulates and cleans water. Here in Jaffrey, we perform this same process, but on a much faster timeline.

All in all, this has been a challenging year, due to circumstances that no one could have seen coming. However, even in these troubled times, the Jaffrey Water and Sewer Departments worked around the clock to sample, monitor, repair, and keep the water flowing. We often take for granted the simple task of turning the tap and receiving fresh, clean, and safe drinking water. There is a lot of hard work behind the faucet in your home. The Operators in Town have missed holidays, had sleepless nights, and missed time with family over the years to ensure that the water gets delivered in a safe and reliable manner. Life on this planet began with, and continues to thrive, with water. Here at the Jaffrey DPW, we will do all we can to protect this natural resource for generations to come.

Please feel free to stop by the DPW, or give me a call if you have any questions or concerns related to the water and sewer systems in Town.

Respectively Submitted,

Tony Cavaliere, Superintendent of Utilities.

RECREATION DEPARTMENT

The staff at Jaffrey Parks and Recreation Department consistently works diligently to provide quality programs and facilities. This year, staff members should be recognized for their grit and perseverance, having given more of themselves and stretching their creativity while operating during the Covid-19 pandemic. The pandemic caused program staff to adjust quickly to new guidelines and limitations, pivoting from the outlined program plan to "building the airplane while they were flying it" all while maintaining their positivity. Their work was not easy, but they dug deep and the recreation department kept moving forward, providing resources for mental health, checking-in with at-risk populations, and being of service to the community where needed as it navigated the new normal.

During the state-wide stay-at-home orders from March – May, we provided 244 Facebook posts and nine email newsletters reaching over 7,000 people focusing on virtual program offerings, health safety tips during the pandemic, mental health and wellness tips as well as resources. During this same timeframe, we offered free rentals of folding tables and chairs for families to use during remote schooling and established a "Board Game Exchange" for residents to donate and receive board games and puzzles. We prepared a "Shopping Program" to provide residents a means of having groceries and prescriptions delivered to them in the event non-profits currently offering the service were unable to operate during the pandemic. We researched local markets and how they are operating under Covid-19 restrictions to establish an operation plan that included how to take orders, pay, deliver safely, etc. We researched and created Communicable Disease Management Plans for each "in-person" program and event we would be offering after the shut-down to ensure we were abiding by all state, federal, and industry guidelines for preventing the spread of Covid-19.

During the state shut down, March – May. we provided weekly wellness calls to patrons who regularly participated in our adult programs. Over 840 calls, texts, emails, or Facebook messages were made to 70 patrons over the 12-week period. Wellness calls helped ease stress and provided comfort and conversation to combat isolation and loneliness. The calls also allowed us to provide information about available community services to ensure residents had access to food, transportation, and healthcare, as well as the most current health and safety information from the CDC and Attorney General's office. Wellness calls allowed us to help as we could with tasks such as shopping for hard to find items (toilet paper) and delivering masks to those who needed them. Calls resumed in November when the school district closed schools and we paused in-person programing for adult groups.

The pandemic caused the cancellation of four annual community events, 22 youth programs, 25 adult programs (including our 12-day trip to Alaska). Despite these cancellations, we were able to offer a variety of programs and events throughout the year.

During the state-wide shutdown (March – May), we created and offered 19 programs and events:

- Teddy Bear Hunt
- Look on the Bright Side
- Chalk Your Walk
- Zoom Coffee Hour (online)

In early 2020, Recreation Director, Renee Sangermano and the department's Youth Advisory Committee (YAC) worked with Southwest Region Planning Commission on the topic of Youth Transportation in the Monadnock Region. The YAC piloted a youth focus group template that will be used throughout the region to gather feedback from youth about their transportation needs and potential solutions. The YAC's participation in the focus group was reported about on New Hampshire Public Radio!

Parks, beaches, and playgrounds remained open throughout the pandemic to provide the public access to the health and wellness benefits of the Town's recreational properties. Contoocook Beach was not staffed this year due to COVID-19 safety concerns for staff.

The Recreation Department grounds and facilities are maintained by one part-time year-round maintenance lead technician and one part-time seasonal maintenance laborer. For the past three years, Dana Kurylo led the maintenance of the Recreation Department facilities and grounds. Dana resigned in early March and we thank him for the quality of care and attention to detail he gave to the Town's recreation facilities and grounds. Phillippe Gregory now serves as lead maintenance technician at the department.

RECREATION DEPARTMENT

In addition to regular preventative and routine maintenance for facilities and grounds at Community Field, Shattuck Park, Contoocook Beach, Humiston Park, and the War Memorial the following facility and grounds improvements were completed in 2020:

Contoocook Beach

- Replaced old septic pipes from toilets to the septic tank to improve flow and prevent clogs
- Removed broken and rusted chain-link fence to improve safety and provide access

Community Park

- Installed bicycle repair station and air pump

Humiston Park - Grounds

Humiston Park – Office

- Installed window curtains and valances
- Replaced rotted siding
- Painted exterior of building
- Installed new cabinets and countertop in staff area to improve storage and sanitation

Various Locations

- Installed Covid-19 prevention/social distancing signage at managed properties

Per residents' requests, we assisted in the creation and passage of Chapter 155 - Article IV of Jaffrey Town Code which makes parking at the Town's public beaches (Contoocook Beach and Shattuck Park) for residents only. Residents must have a Transfer Station Permit affixed to their vehicles to park at these two locations. Permits are available at the Town Clerk's office. Vehicles without a permit will be subject to a $50 fine and towing at vehicle owner's expense. Restrictions are for parking only. The Town's public beaches remain open for use by all persons.

Notable achievements were made by department staff this year. Renee Sangermano and Sarah Hooper, Recreation Program Manager were selected to present at the National Parks and Recreation Association (NRPA) annual national conference about the department's Youth Advisory Committee. Caren Lewis was selected by the National Recreation and Park Association to be one of 50 recreation professionals highlighted in the July edition of Parks and Recreation Magazine. Renee was accepted into the Leadership New Hampshire program, a program that brings together leaders from across the state to identify and work towards resolving major issues facing the state. Renee also earned the National Park and Recreation Association's Certified Parks and Recreation Professional distinction.

The Playground Fund has reached approximately $10,000 in donations of the $40,000 needed for the installation of Phase 2 of the Humiston Park Playground Project. We thank all the businesses, organizations, and residents who donated to the playground fund this year. Every dollar gets us closer to our goal. Together, we can build it!

Respectfully Submitted,

Renee Sangermano, CYSA, CPRP
Recreation Director

DEPARTMENT OF WELFARE

This year sure has been a challenging year for all. I hope this finds you all healthy and happy and in anticipation for the New Year. The welfare budget showed a slight decrease this year, this is due to the help we received from the State of NH, programs such as The Housing Relief Program and Covid Relief. These funds were allocated to CAP agencies and then distributed to landlords on behalf of individuals/families if qualified and were affected by COVID-19, that became behind on their rent/mortgages. A big Thank You to private companies, Santa's House and the local churches for their support and help during this time. Please see the below numbers for a breakdown of what was spent this year.

With warmest regards,

Carrie Traffie

Incorporated: 1773

Origin: In 1749 this territory was chartered as Monadnock Number 2, sometimes called Middle Monadnock or Middletown. It was one of the first towns established under the New Hampshire proprietors' purchase of undivided lands under the Masonian claim. The grant was renewed in 1767, and the town incorporated in 1773 as Jaffrey, in honor of George Jaffrey, member of a prominent Portsmouth family. Both his father and son were named George, and all three served as treasurer of the province. George Senior held the position when the state was still under Massachusetts rule. George III also served as proprietors' clerk, and was a life trustee of Dartmouth College, providing the design for the official college seal.
