

Ms. Linda's Take & Make: Creative Animals

Visit [TumbleBooks](#) on the library catalog and search "Mechanimals" by Chris Tougas to read this week's Take & Make picturebook. Then continue to the next page for instructions on making Ms. Linda's craft.

Materials Needed:

- Plastic bottle
- Small box
- Aluminum foil or silver paint
- Assorted objects: bell, brads, elastic, spring, wire, etc.

Cut box to fit bottle creating flaps at top edge of box. Cut off one end flap for neckline.

Cut into lower middle sides of box to create feet or just leave for base.

Remove cap from bottle. Wrap bottle and box with aluminum foil.

Tape or use elastic to connect bottle to box at flaps.

Decorate your animal by screwing cap on for nose, add brads for eyes, and spring for tail.

Use wire to hang bell from neck.

My "piganimal" wears a hat!
He can oink too!

Send us pictures of your completed Take & Make crafts at library@townofjaffrey.com and we'll share them in our Facebook album for all to admire!
